EIGHTY-FOURTH COUNCIL

COMMON COUNCIL,

WILLIAM BRAND.....President
ROBERT CLARK.....Clerk

PITTSBURGH, December 9, 1907.

Council met.

The Chair presented

No. 1.

MAYOR'S OFFICE }
PITTSBURGH, PA., Dec. 9, 1907. }

To the Select and Common Councils of
the City of Pittsburgh.

Gentlemen:

I have the honor to transmit herewith
certified copy of the decree of the Court
of Quarter Sessions for the consolidation
of the Cities of Pittsburgh and Alle-
gheny in the name of the City of Pitts-
burgh, as entered on the 16th day of
June, 1906, and the record showing con-
firmation of the same by the Superior
Court, the Supreme Court of Pennsyl-
vania and the Supreme Court of the
United States.

I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Western District of Pennsylvania, } ss.
The Commonwealth of Pennsylvania, }

To the Judges of the Quarter Sessions
Court, for the County of Allegheny,
Greeting:

Whereas, by virtue of our Writ of
Certiorari at No. 22 October Term, 1907,
of our Court, a record in the matter of
the appeal of D. Hunter, Jr., et al., from
the decree of the Superior Court at No.
37 April Term, 1907, (brought into the
said Superior Court by appeal from the
decree of the said Court of Quarter Ses-
sions of Allegheny County at No. 71 of
December Sessions, 1905), was brought
into our Supreme Court, and the said
cause was there so proceeded in that on

the 11th day of March, A. D. 1907, the
following decision was rendered, viz:

The decree of the Superior Court is
affirmed at appellant's costs.

BROWN, J.

Whereupon, to wit: March 20, 1907,
the order of the Supreme Court of the
United States allowing Writ of Error
was filed in this Court and said cause
was so proceeded in in said United
States Supreme Court that on Nov. 18,
1907, the following decision was ren-
dered, viz: It is now here ordered and
adjudged by this Court that the judg-
ment of the said Supreme Court in this
cause be and the same is hereby af-
firmed with costs and that the said ap-
pellee, the City of Pittsburgh, recover
against the said appellant for its costs
herein expended and have execution
therefor.

Whereupon, the following order was
entered by this Court, viz:

And now, Dec. 6, 1907, it appearing
from the mandate of the Supreme Court
of the United States under date of Nov.
18, 1907, that the judgment of this
Court in the above entitled cause has
been affirmed with costs by that Court,
it is ordered and directed that the judg-
ment of this Court in said cause affirm-
ing the decree of the Superior Court be
entered at the costs of appellant and
the record remitted accordingly.

Per Curiam,

MESTREZAT, J.

Wherefore, We hereby remit you the
record aforesaid with the proceedings
thereon, and all things touching the
same so far as in this Court they re-
main, for the purpose of execution as to
justice shall appertain, in accordance
with the decision of our said Supreme
Court as aforesaid.

Witness, the Honorable James T.
Mitchell, Doctor of Laws, Chief Justice
of our Supreme Court at Pittsburgh, the
sixth day of December in the year of
our Lord one thousand nine hundred and
seven.

GEO. PEARSON,

Prothonotary.

(Supreme Court Seal)

From the record.

Attest:

WILLIAM DODDS,

Clerk of Courts.

IN THE COURT OF QUARTER SESSIONS
OF ALLEGHENY CO., PENN'A.

In the Matter of the Petition
of the City of Pittsburgh for
Uniting, Annexing and Con-
solidating the City of Alle-
gheny to and with the said
City of Pittsburgh.

No. 71
December
Sessions, 1905.
Miscellaneous
Docket.

And now, this 16th day of June, 1906, it appearing that, pursuant to the order of this Court made on April 30th, 1906, an election was held in the Cities of Pittsburgh and Allegheny on the 12th day of June, 1906, and that the result thereof has been certified by the proper officers of the Courts of Common Pleas of the County of Allegheny to this Court, by which it appears that a majority of all the lawful voters of the said two cities, voting upon such question, have voted in favor of the annexation or consolidation of the City of Allegheny to and with the City of Pittsburgh, it is now ordered, adjudged and decreed that the City of Allegheny, the lesser city, be annexed and consolidated with the City of Pittsburgh, the greater or larger city, so that they form but one city and in the name of the City of Pittsburgh, under the provisions of an Act of Assembly, entitled, "An Act to enable cities that are now, or may hereafter be, contiguous to or in close proximity, to be united, with any intervening land other than Boroughs, in one municipality, providing for the consequences of such consolidation, the temporary government of the consolidated city, payment of the indebtedness of each of the united territories, and the enforcement of debts and claims due to or from each," approved the 7th day of February, 1906.

BY THE COURT.

June 16th, 1906, Exceptions to Decree by Messrs. Stone & Stone, Harvey Henderson, Esq., W. C. Gill, Esq., Cochrane, John A. Sauer and Herman W. Heckelman filed.

And now, to wit: June 16th, 1906, the foregoing exceptions presented in open Court, and upon consideration thereof the same are dismissed.

BY THE COURT.

Commonwealth of Pennsylvania, } ss:
County of Allegheny,

I, William Dodds, Clerk of the Court of Quarter Sessions, in and for said County, do hereby certify that the within and foregoing is a just, full, true and correct copy of the decree of the Quarter Sessions Court and copy of notation of Exceptions to Decree and Order overruling Exceptions to Decree, in the Matter of the Uniting, Annexing and Consolidating the City of Allegheny to and with the City of Pittsburgh, as the same remains on file and of record in my office at No. 71 December Sessions, 1905, Miscellaneous.

Witness my hand and official seal of said Court, at Pittsburgh, this 9th day of December, 1907.

(Seal) WILLIAM DODDS,
Clerk of Courts.

Which was read, received and filed.

And Whereas, Section 10 of said Act provides, *inter alia*, "that the Councils already elected of each of the said cities shall be and are hereby consolidated and form the Select and Common Councils of the said consolidated city with the powers of such, and shall meet at the Council chambers of the larger of the two cities."

And Whereas, on Monday, December 9, 1907, the members of the Select Councils of the consolidated cities of Pittsburgh and Allegheny met in the Common Council chamber of the City of Pittsburgh, in conformity with said Act, and being called to order by **Robt. Clark**, the Assistant City Clerk of Pittsburgh, the rolls of the members were called, and there were present of the Common Council of the City of Pittsburgh

PITTSBURGH, PA., Dec. 24, 1907.

Mr. William Brand, President of Common Council, City of Pittsburgh.

DEAR SIR:

At a meeting of the Board of Trustees, Carnegie Library of Pittsburgh, held on Friday, December 20th, the undersigned was instructed to request the Presidents and members of Councils, together with the Mayor and heads of Departments, to meet with the members of the Board of Trustees in the Carnegie Library Building of Pittsburgh for the purpose of inspecting the building and examining the methods of operation.

A Committee of the Board of Trustees will wait on you and with you decide as to the most convenient time for doing so.

Very respectfully yours,

W. N. FREW,

President Board of Trustees, Carnegie Library of Pittsburgh.

Which was read, received and filed.

Mr. Gulland presented

No. 78. Report of Special Committee appointed to arrange seats of the members of Common Council.

Which was read and adopted.

Mr. W. J. Burke presented

No. 79. Resolved, That the Presidents of Select and Common Councils shall be and are hereby authorized and directed to appoint a joint committee of seven (7), three (3) from Select and four (4) from Common Councils, to confer with the Mayor in relation to the procedure necessary to be taken for the acquisition or purchase of the Sixth street, the Seventh street, the Ninth street and the Sixteenth street bridges over the Allegheny river; also for what they can be purchased and the terms, and also to confer with the Commissioners of Allegheny county with a view of determining whether the county will bear a portion of the expense of such purchase; also to advise with the City Solicitor of Pittsburgh as to the legal power to condemn any one of the said bridges,

and also to investigate as to whether said bridges, or any one of them, have forfeited their rights to take tolls under the laws of the State of Pennsylvania; said committee to make a full and complete report to Councils as speedily as the facts and circumstances and work imposed upon the said committee will justify.

Which was referred to the Committee on Bridges.

The Chair took up

BUSINESS FROM SELECT COUNCIL.

S. C. No. 88.

IN THE COURT OF QUARTER SESSIONS OF ALLEGHENY COUNTY, PENN.

In the matter of the petition
of qualified voters of the
territory formerly embrac-
ed in the Borough of Sher-
aden, now annexed to the
City of Pittsburgh, to have
said territory erected into
a ward of said city, etc.

No. 11
December
Sessions,
1907.

DECREE.

And now, December 21, 1907, this matter came on to be heard pursuant to previous Order of Court, and it appearing that the matters set forth in the petition filed in this case are true, and that notice of this hearing was duly posted, and served on the Mayor of the City of Pittsburgh as directed by said previous Order of Court, now therefore it is ordered, adjudged and decreed as follows, to wit:

First. That the territory embraced in the Borough of Sheraden, as the same existed at the time of its annexation to the City of Pittsburgh, be and the same is hereby erected into and created one ward of the City of Pittsburgh, to be

known and designated as the Forty-third ward of said City of Pittsburgh.

Second. That all persons who were citizens of the Borough of Sheraden at the time of its annexation to the City of Pittsburgh as aforesaid, and who are resident within the territory hereby erected into the Forty-third ward of the City of Pittsburgh, shall enjoy and exercise all rights of citizenship, as citizens of the City of Pittsburgh, as fully and completely as if said territory had always been a part of said city.

Third. That the people of the territory embraced in the Forty-third ward as herein established shall be entitled to one representative in the Common Council of the City of Pittsburgh, and one representative in the Select Council of said City, subject, however, to any existing laws which may entitle the members of the Town Council of the Borough of Sheraden to be members of the Common Council of said City.

Fourth. The territory embraced in the Forty-third ward of the City of Pittsburgh, as herein established shall constitute three election districts, which election districts shall be identical with the election districts existing in the Borough of Sheraden at the time of its annexation to the City of Pittsburgh, and as established by decree of this Court at No. 1 March Sessions, 1903. Miscellaneous Docket. That is to say, the election district of the First Ward of the Borough of Sheraden as established in said decree shall constitute the First Election District of the Forty-third Ward of the City of Pittsburgh; the election district of the Second Ward of the Borough of Sheraden, as established in said decree, shall constitute the Second Election District of the Forty-third Ward of the City of Pittsburgh; the election district of the Third Ward of the Borough of Sheraden, as established in said decree, shall constitute the Third Election District of the Forty-third Ward of the City of Pittsburgh; and the polling places for said several election districts shall be and remain as heretofore, to wit: For the First Election District, the basement of the Harwood School Building, at the corner of Harwood Street and Glenmawr avenue; for the Second Election District, the basement of the American Avenue School Building, at the corner of American avenue and Sixth street; for the Third Election District, the building of Albert J. Jessup on the easterly side of Bridge street, near the corner of Chartiers avenue and Jefferson avenue.

Fifth. The election officers of the several election districts of the Borough of Sheraden who would now be entitled to serve if said borough were still in existence, are hereby appointed to fill their respective offices, as election officers of the corresponding election districts herein established, until their successors are elected at the municipal election to be held the Third Tuesday in February next; and any vacancies shall be filled as provided by existing laws.

Sixth. All ward officers, election officers, representatives in Council, and other officers to be elected, including an

alderman, shall be elected at the regular municipal election to be held the third Tuesday of February next.

BY THE COURT.

From the record,
Attest:

No. 90.

PITTSBURGH, PA., Oct. 8, 1907.

Mr. JOS. C. WASSON, care of the Jos. Horne Co., City.

DEAR SIR:

Referring to our conversation of a few days ago with reference to the purchase of the Homeopathic Hospital by the City, I herewith respectfully submit the following information:

The property has a frontage on First avenue of one hundred and sixty (160) feet, on Second avenue one hundred and forty-two (142) feet, depth from First to Second avenues one hundred and sixty (160) feet, contains twenty-four thousand (24,000) square feet.

The prevailing price for property in this vicinity is twenty-five dollars (\$25.00) per square foot, some property having sold as high as thirty dollars (\$30.00) per square foot.

This property, at the rate of twenty-five dollars (\$25.00) per square foot, would be worth six hundred thousand dollars (\$600,000.00).

The buildings when erected cost two hundred and fifty thousand dollars (\$250,000.00). A reputable contractor recently estimated that they could not be duplicated to-day for less than four hundred thousand dollars (\$400,000.00).

The equipment and furnishings, which includes boilers, electric plant, ice machines, X-Ray machines, laundry equipment, and the entire furnishment of the Hospital (excepting only the furnishment of the private rooms fronting on Second avenue, and surgical instruments, which are the personal property of the doctors).

The above equipment and furnishings would cost to duplicate one hundred thousand dollars (\$100,000.00).

Value of property.....\$600,000 00

Value of buildings 250,000 00

Value of equipment and furnishings.. 100,000 00

\$950,000 00

We are authorized to present the above to the City for a Municipal Hospital for the sum of six hundred and fifty thousand dollars (\$650,000.00).

Possession can be given at any time after January 1, 1908.

Terms made to suit.

We are of the opinion that the above mentioned proposition is admirably located for the City's needs. You will also note that it adjoins other property now owned by the city, fronting on both Second avenue and Smithfield street.

As you will remember, the above mentioned proposition was presented to the city by the late Director James W. Clark, the consideration asked at that time being seven hundred thousand dollars (\$700,000.00). The Hospital authorities are now erecting in the East End a new Hospital and are very desirous of disposing of this property. They therefore make this low price for the property.

Hoping you may see your way clear to present this matter to Councils, we beg to remain,

Yours very truly,

EAST END SAVINGS & TRUST CO.

JAS. B. LAWLER, Secretary.

Which was referred to the Committee on Finance.

Mr. Hirsch presented.

No. 91. Resolution authorizing the issuing of a warrant in favor of James L. Marks in the sum of fifty-eight dollars and seventy-seven cents (\$58.77), for extra work in re-arranging Council Chambers, and charge same to Appropriation No. 31, Bureau of City Property.

Which was referred to the Committee on Public Works.

Mr. Forrest presented.

No. 92. Resolution authorizing the issuing of a warrant in favor of Wm. T. Powell in the sum of fifty-eight dollars (\$58.00), for extra work in rebuilding Old City Hall, and charge same to Appropriation No. 31, Bureau of City Property.

Which was referred to the Committee on Public Works.

Mr. McGrath presented.

No. 93. Resolved, That the Committee on Finance be and is hereby requested to place the sum of one thousand dollars (\$1,000.00) in the Appropriation Ordinance for the fiscal year beginning February 1, 1908, for the construction of boardwalks and steps in the Thirty-eighth ward.

Which was referred to the Committee on Finance.

Mr. Shensley presented.

No. 94. Petition requesting that a bridge be built across the Allegheny river at the Point to replace the former Union bridge.

To the Hon. Geo. W. Guthrie, Mayor of Greater Pittsburgh, and the Honorable Select and Common Councils of same city.

GENTLEMEN:

We, the undersigned, respectfully ask and petition that a modern bridge be erected across the Allegheny river at the Point to replace the former Union bridge, and when erected that it be presented to the people and made free to the public.

(Signatures of several hundred persons.)

Which was read and referred to the Committee on Finance.

Mr. J. L. Haering presented.

No. 95. Resolution requesting the Finance Committee to place a sufficient amount in the Appropriation Ordinance for the fiscal year beginning February 1, 1908, for the purpose of purchasing a site suitable for engine house purposes at the corner of Washington avenue and Fremont street, or adjacent thereto, North Side.

Which was referred to the Committee on Finance.

Mr. R. K. Cochrane presented.

No. 96. An Ordinance providing that the Message Clerk of the late City of Allegheny shall be a Message Clerk in the City Clerk's office of the City of Pittsburgh, and fixing the salary thereof.

Which were referred to the Special Committee on Revision of Salaries.

Mr. Hirsch moved.

That Common Council do now go into joint session with Select Council to take suitable action on the death of Frank Ridgway, late Director of the Department of Public Safety.

Which motion prevailed.

And the **Chair** directed the Clerk to so notify Select Council.

The Clerk having returned, notified Common Council that Select Council had adjourned.

Mr. Wasson moved.

That the action be deferred until the next meeting of Common Council.

Which motion prevailed.

And on motion of **Mr. Soffel**
Council adjourned.

CENTRAL BOARD OF EDUCATION.

January 11, 1908.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

At a meeting of the Central Board of Education, held Friday, January 10th, 1908, the following resolution was adopted:

"Resolved, That the appropriation for educational purposes, for the fiscal year commencing February 1st, 1908, be, and the same is hereby fixed at one million five hundred ninety thousand (\$1,590,000.00) dollars, and the secretary is directed to certify this amount to City Councils."

An itemized estimate of the expenses for the next fiscal year is herewith submitted.

The tax levies for the several Sub-District School Boards of the City are also submitted.

Yours respectfully,

CHAS. REISFAR, JR.,

Secretary.

BOARD OF CONTROLLERS,
ALLEGHENY SCHOOL DISTRICT,
ALLEGHENY, PA.

January 13th, 1908.

To the Mayor and Select and Common
Councils of the City of Pittsburgh:
Gentlemen:

The Board of Controllers of the Allegheny School District at its last regu-

lar meeting adopted a resolution calling on the City Councils for the appropriation of twenty-five thousand (\$25,000.00) dollars for High School purposes in the Allegheny School District in accordance with clause eleven (11) section one (1) of the Act of Assembly approved May 13th, 1887.

At the same meeting a resolution was adopted assessing a levy of four mills on the dollar on all subjects and things embraced in the last adjusted valuation of the Allegheny School District for general school purposes, by which the sum of \$376,000.00 will be raised, the same to be used in defraying the expenses of the schools during the school year.

Very respectfully,

G. W. GERWIG,
Secretary.

MAYOR'S OFFICE,
Pittsburgh, Pa.

January 13th, 1908.

To the Select and Common Councils of
the City of Pittsburgh.

Gentlemen:

The consideration of many large matters of public importance has been necessarily delayed by the litigation concerning the consolidation of the two cities, and the consequent uncertainty as to their legal status.

Manifestly, while there was an uncertainty as to whether this entire district was to be governed by one consolidated city, and as to the continued existence of the separate municipalities, it would have been improper to enter upon any measures except such as were necessary for the efficient administration of the affairs of the separate city.

These questions having been finally settled, and the executive and legislative departments of the consolidated city having organized and assumed the powers and the responsibilities committed to them by law, I respectfully submit that consideration of these delayed improvements should be taken up at the earliest moment practicable.

Of these, there are two to which the faith of the consolidated city is pledged, namely:

First—To arrange to furnish filtered water to the Allegheny district, and
Second—To give to the residents of the Allegheny district the benefit of free bridges over the Allegheny river.

WATER SUPPLY FOR ALLEGHENY DISTRICT.

It has been estimated that it will require \$1,650,000.00 to arrange for a full supply of filtered water to Allegheny. This includes \$600,000.00 for additional filter beds, the balance being required for new pumps, foundations and buildings, and some changes in the mains necessary in order to make connections.

There is some question as to present need for new filter beds, but under any and all circumstances, this district must have new pumps of sufficient capacity, a new reservoir, and some new water mains.

Three of the five pumps at Montrose are reported to be in bad condition. They are old, out of repair and cannot be safely relied upon. Moreover, they have not sufficient capacity to furnish the amount of water required by the City, and have to be supplemented by the River Avenue Station, from which, as nearly as can be ascertained, about 7,000,000 or 8,000,000 gallons of water are pumped daily.

The water pumped from the River Avenue Station is absolutely unfit for domestic use; yet under present conditions, if the present consumption of water in the City is to be met, this service cannot be discontinued.

The reservoir capacity is entirely inadequate. It is so small that it is filled and emptied several times each day. There is no storage of water: the pumps are running at their full capacity; and should there be any serious break (as is liable at any time with pumps in the condition these are) many of the districts of the City would be immediately deprived of water.

It is proper that your attention should be called to the fact that Asst. Supt. Brown is of opinion that the Troy Hill Reservoir (on which the whole system depends) has been badly weakened and is in a dangerous condition. A break in this reservoir would be disastrous in its consequences.

It is also necessary, in order to meet the needs of the people and afford proper protection to some districts, to lay some new water mains.

It will require from twelve to eighteen months to procure and install the new pumps and build a new reservoir; the new water mains can be laid during the coming season, if authority to make the necessary contracts is given at once.

I would recommend that the new pumps be installed at the Filter Plant, where there is ample space for them; the good pumps now at Montrose can then be moved to the same place, and the filtered water pumped direct to the distributing reservoir.

While this work is being done, the effect of preliminary filtration on the capacity of the filter beds can be fully tested and demonstrated.

It is probable that preliminary filtration will increase the capacity of the beds; if experience demonstrates that the increase is as great as its advocates claim, there will be no immediate need for building more filter beds.

In any event, we will know just what to expect and what, if any, extension is necessary.

All this can be done in time to turn the filtered water into the Allegheny District when the pumps are ready to receive it.

Permit me to point out that if the bonds be authorized and authority to contract for the work be given, the bonds

for the pumps and reservoir will not be issued for many months, and will then be issued and sold only from time to time as the money is required to make payments.

It will require considerable time to secure a location for the reservoir and to prepare plans and specifications for work and machinery and to let the contracts, and even after letting the contracts, money will not be required except in installments as the work is done and the machinery delivered.

The bonds for water extension, however, if authorized, will be required in a short time.

FREE BRIDGES.

The bridges over the Allegheny, as those over the Monongahela, should belong to the City, and I would respectfully recommend that they be acquired by condemnation.

Upon the institution of such proceedings, the City would be in a position to request from the Secretary of War some definite information as to the legal status of those which are alleged to be obstructions to navigation.

If they must be raised now, or if it is probable that they will be forced up hereafter, the present duty or future liability must be taken into consideration in determining their value.

When the valuation has been made, the City will then be in a position to act intelligently, and if the purchase is determined on, bonds may be authorized to raise the money necessary to make the purchase.

STREET IMPROVEMENT AND WATER EXTENSION.

There are many streets in both the Allegheny and old Pittsburgh Districts which need repairing. The custom has been to repair a limited number of such streets each year; at the rate heretofore pursued, it would require four or five years to bring all the streets to a uniform standard.

For many reasons, I would recommend that, if possible, the whole work be done this year, and that in order to avoid too heavy a burden on the tax payers, it be provided for by a bond issue.

It seems probable that the amount of work for new streets during the coming year will fall much below the average.

It will therefore, in my judgment, be prudent for the City to undertake this work this year. By doing so, it will get the advantage of the scarcity of demand, and at the same time furnish labor to a large number of men who would otherwise be without employment.

When these streets are once put in good condition, they can be kept so at a cost for additional repairs and cleaning, which, together with the amount required for interest and sinking fund for the bonds, will not exceed, if it equals, the amount which under the previous system was annually expended for repairing.

The same reasons for doing this work now applies to water extension which is

needed to meet and provide for the continued growth of the City, and which has heretofore been properly met by bond issues.

The City cannot grow unless the water supply is extended to the new districts; besides, water extension always results in an increase revenue more than sufficient to pay the interest and sinking funds for the bonds.

For these reasons, I would respectfully request that bonds for street repairing and for water extension in both districts be authorized at once.

If done, the necessary preliminary work can be prepared and in a very short time work provided for a large number of men.

In this connection I desire to call your attention to the fact that in the estimates submitted for the Department of Public Works, I have included an item of \$14,000.00 for an additional corps in the Bureau of Construction, in order to be able to handle this work expeditiously, if authorized.

UNDERGROUND CABLE.

Public Safety requires that the overhead wires should be removed from the streets, particularly in the closely built up sections, as expeditiously as possible.

In order to promote this work, the City's own wires should be put underground at the same time.

In many sections it would be advisable to do this work when the streets are being repaired, both for the sake of economy in work and to avoid the cutting of the new pavements. For sometime, it has been customary to appropriate \$10,000.00 a year for this purpose, but at this rate it would require about fourteen years to complete the work.

I would respectfully recommend that provision for this work be made out of the proposed bond issue.

BRIDGES.

Bridges are asked for on Everett street and Meadow street crossing Butler street, and a foot bridge on line of Gist street extended, crossing the Baltimore & Ohio Railroad, and the Hights Run and Larimer avenue bridges should be rebuilt.

The condition of the Hights Run and Larimer avenue bridges is such that public safety requires their rebuilding at an early date; the other bridges are needed for public accommodation.

LAND PURCHASES AND PARK IMPROVEMENT.

The property over which the approach to the Wilmot street bridge is constructed should be purchased by the City, and properly improved. This land belongs to Mr. Thos. Loughrey; it has been appropriated by the City and is now being used by it; without it, access to the bridge from Wilmot street would be impossible.

I would also recommend the purchase and improvement of a piece of property

in the Twenty-second Ward adjoining the Murdoch entrance to Schenley Park, and lying between the Park Road and Northumberland avenue; a piece in the Thirty-second Ward adjoining Grandview Park, which is necessary to give access to the park from Bailey avenue; and the appropriation of \$50,000.00 for the improvement of Arsenal Park, so generously donated by the United States to the City for park purposes.

There should also be provided an additional sum of \$20,000.00 for the Police Station and Engine House in the Twenty-third Ward, the amount previously provided for this purpose being insufficient.

The Councilmen in the Ninth and Twenty-seventh Wards have applied for appropriations for the establishment of play grounds and recreation parks in those wards; there is great need for such accommodations and the longer they are delayed, the greater will be the cost. Some relief of this kind must be provided.

PLAY GROUNDS.

The Play Grounds Association request, in addition to the allowance for current expenses, that provision be made this year for Permanent Improvements as follows:

At Lawrence Park....\$35,000.00

At Washington Park.. 30,000.00

At Ormsby Park..... 30,000.00

I have no doubt these are all worthy objects, and entitled to favorable consideration.

There has been some demand for some system of public transfers through the parks; this might be provided by automobiles owned and operated by the City, and the service could be increased from time to time if the public service required it.

SOUTH SIDE WATER SUPPLY.

It is impossible at the present time to say what amount will be required to extend city water to the South Side, but the fact that this must be done whenever legally possible must be remembered in arranging for the issue of bonds.

The proceedings for the appraisalment of the works of the Monongahela Water Company are being pushed to conclusion. When a valuation has been arrived at, the City can decide on the course to be pursued.

MARSHALSEA AND MUNICIPAL HOSPITAL.

Additional ground is required at Marshalsea and two new wards should be erected.

I would also advise the purchase of additional land adjacent to the Municipal Hospital, the enlargement of the present building, and the erection of separate wards for the treatment of contagious cases.

The present building is not entirely satisfactory for the treatment of con-

tagious cases, as it is impossible to secure in it that complete isolation which should exist in such an institution.

But for a small expenditure, it could be arranged to afford ample accommodation for emergency cases, such diseases as do not require such rigorous isolation. The contagious cases could be provided for in new wards, entirely disconnected, but near enough together to permit one management and require only one heating and power plant.

MARKET HOUSES.

The present market houses should be pulled down and modern and sanitary ones erected in their places; in pursuance of a request from you, plans and estimates for this work are being prepared, but have not yet been completed.

ALLEGHENY LIGHT PLANT.

This plant is badly located for economic operation; for best results it should be located where a free and adequate supply of water can be obtained and where coal can be got either by river or rail, moreover, the machinery is old, worn and antiquated.

Shortly before consolidation was consummated, the City of Allegheny sold bonds to the amount of \$75,000.00, the proceeds to be used for the installation of new and improved machinery, and bids had been called for but had not yet been opened.

I would advise against spending this money on the present plant. Some repairs were necessary and should be made. This can be done at a moderate expense, and the operation of the plant continued for the present. If insufficient to meet the increasing needs of the district, the deficiency can be made up by purchasing a small amount of power.

In the meantime, arrangements can be made for the erection of the new plant on the river. In no other way, can the City get the full benefit of economic operation.

For this purpose, I do not know of any better location than the River Avenue Pumping Station; nor do I know of any better use to which that property can be devoted as soon as we can arrange to dispense with its present use.

BOND LIMIT.

It appears from a statement just issued by the Controller's office, that only \$2,071,662.74 of bonds can now be issued without a vote of the people. This is due to the large amount of the floating debt of the various municipalities now outstanding.

It is sufficient, however, to provide for the work which is most pressing without entirely exhausting it.

There is a natural disposition to preserve some councilmanic power to issue bonds for some unforeseen emergency. But, I respectfully suggest that an emergency now exists and the wisest public policy calls upon us to meet it.

When the City undertakes the supply of water, it has no more important duty

than to furnish a certain and sufficient quantity of pure water.

It is our duty to correct the dangerous evils which now exist in the water supply of the Allegheny District at the earliest date possible.

Wise public policy also requires that we should as soon as possible inaugurate the work of street repairing and water extension at once, so as to meet the needs of the unemployed.

As already pointed out both these necessary plans can be put in operation at once, without exhausting the so-called councilmanic limit of debt.

After authorizing the amount of bonds required for these purposes, there will still be a substantial balance of debt creating power, which will certainly be increased by the liquidation of some of the floating debt, by the payment of some and purchase of other bonds through the Sinking Funds.

I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

MAYOR'S OFFICE,
Pittsburgh, Pa.

January 13th, 1908.

To the Select and Common Councils of
the City of Pittsburgh.

Gentlemen:—

In compliance with the requirements of law, I have the honor to transmit herewith, a statement of the finances and general condition of the affairs of the City, together with estimates for the requirements of the various Departments of the City Government for the fiscal year beginning February 1st, 1908.

Under the Act of Assembly regulating the consolidation of cities when there is any conflict between the laws and ordinances of the two cities, those of the greater city must prevail in the government of the consolidated city; therefore, although, heretofore, the fiscal year of the former City of Allegheny began on March 1st, the fiscal year of the consolidated city must begin on February 1st, the date fixed for the beginning of the fiscal year of the old City of Pittsburgh.

This conclusion was unanimously agreed to at a conference of the Executive, Legal and Financial representatives of the two cities.

Its effect is to cut off one month from the continuance of the separate financial system of the City of Allegheny; as during the last year the appropriations and expenditures of that City have exceeded its revenues—the effect of this will be for the benefit of that City and its tax-payers by materially reducing the deficit to be charged against it in the settlement of the relations between the two old cities and the consolidated city.

However, there does not appear to be any other legal or practical system of inaugurating the new financial administration.

Until the beginning of the new fiscal year, the consolidated city will have no resources of its own; in the interval, it is necessary that the affairs of the two separate cities should be administered and paid for from their own separate resources; but as the taxes levied and appropriations made for the government of the consolidated city thereafter will be uniform throughout the territory affected, it would be manifestly improper to continue the administration of the Departments of the former City of Allegheny from its own resources, while the tax-payers are contributing to the general fund.

In submitting the first reports and estimates for the consolidated city, however, it seems to me expedient to make separate reports in regard to the two cities; both, because the various bureaus and departments of the two cities are, under the law, preserved to some extent until the first Monday of April, 1909; and because, it is important to make a record for future information and guidance as to the relative condition of the two old cities at the beginning of the first fiscal year of the consolidated city.

THE OLD CITY OF PITTSBURGH.

It affords me pleasure to inform you that notwithstanding the failure of the Pittsburgh Railways Company to pay its car tax, estimated at \$52,000.00, and its refusal to pay its share of the cost of street cleaning, for which it is liable under the law, and which its officers had promised to pay, and of the unusual large proportion of taxes which the tax-payers permitted to become delinquent this year, we expect to close the fiscal year with a substantial surplus.

At the time of the passage of the tax levy and appropriation ordinances last year, I anticipated that the City would not receive in cash from the tax levy the percentage which past experiences had indicated as a reasonable basis for estimating receipts; but we had no reason at that time to anticipate the arbitrary refusal of the Pittsburgh Railways Company to meet its liabilities to the City.

That we have been able to close the year, under such circumstances, without a deficit is the more gratifying, in view of the fact that it was accomplished without any retrenchment which would interfere in any manner with the progress and growth of the City, and the comfort, health and safety of the people.

The opening, grading and paving of new streets was pushed as rapidly as possible. All contracts for work of this character for which bidders could be secured were let, and the work pushed to the full capacity of the contractors. The same is true of the work of repaving and repairing streets and sidewalks whether the work was done by contract or by the Bureau of Highways and Sewers.

For your information, I desire to call your attention to the fact that during the year ending January 31st, 1907, the total value of Street, Sewer, Bridge, &c. work completed (not including sidewalks) was \$1,045,296.57; the value of the same

class of work completed in the year ending January 31st, 1908, was \$1,415,474.22. New sidewalks were laid costing \$224,016.54.

The number of street lights has been increased, and more policemen have been kept on duty than ever before.

The number of arc lights established and maintained this year is largely in excess of the average number per population maintained in cities containing over 300,000 inhabitants.

The work on the Filtration plant has been pushed with unceasing industry and perseverance, and, while, owing to many complications it has not been completed as early as I had hoped, I believe that in a short time we will be ready to deliver a full supply of filtered water to that portion of the City between the rivers.

I think it proper to warn the public against any cessation of proper precautions in regard to the use of City water until the whole supply has been filtered.

During the year ending December 31st, 1907, the typhoid fever cases in the district between the rivers amounted to 3,877; those in the South Side amounted to 404; and those in the Allegheny district amounted to 1,138.

It is a matter of most sincere gratification that with the advent of filtered water in the district between the rivers, that which science indicates is the main cause of this terrible scourge, will at last be removed; and I earnestly hope that the efforts now being made to provide for the extension of this great benefit to the other sections of the City will be prosecuted to as early a completion as possible so that all the people of Pittsburgh can share in it.

The work of the Bureau of health in abating nuisances prejudicial to the health of the City, has been efficient and unceasing. Sanitary conditions in some of the worst districts of the City have been greatly improved, though much still remains to be done. The number of contagious and infectious diseases for the 11 months ending November 30th, 1906, was 1761, while for the 11 months ending November 30th, 1907, the number was only 1,642.

(This statement does not include typhoid fever in which there has been a decrease from 5,475 in 1906 to 4,281 in 1907.

We are justified in believing that a substantial part of this decrease was due to the work of this Bureau.

The Bureau of Smoke Inspection has also been active and efficient, and its beneficial results are seen in the constantly decreasing volumes of smoke. The progress already attained proves the wisdom of the movement and demonstrates its practicability. By a firm adherence to the policy adopted, this nuisance, so injurious to health and destructive to property, can be abated, if not entirely removed.

The activity of the Bureau of Highways and Sewers in street cleaning and in street and sidewalks repairs has been unprecedented in the history of the City. I desire to call your attention particu-

larly to the fact that Grant Boulevard, which was in such bad repair, has been re-surfaced; that a large amount of patching of the asphalt streets has been done by this Bureau this year, and that it has been done more quickly and at an average cost of 25 cents per sq. yd. less than when done by contract.

Owing to this and the increase in wages for labor ordered by your honorable bodies, this Bureau was not able to complete the fiscal year without exceeding the amount of the original appropriation; the amount necessary to meet its needs, however, has already been called to your attention, and the necessary transfers from Bureaus having a surplus has been, or is being, made sufficient to avoid the necessity of suspending this important work and throwing out of employment a large number of men.

While the taxes for the general expenses of the consolidated city will have to be uniform throughout the whole city, I have, as already stated, prepared the estimates on separate schedules.

Amount required by the Controller's office for Interest, Sinking Funds, Judgments, and other claims against the City	\$3,123,862.02
Salaries, Contingent Fund, etc.	296,800.00
Schools	1,590,000.00
Carnegie Library	200,000.00
Play Grounds	33,100.00
Bath House Association	3,000.00
Assessors	39,000.00
Department of Public Safety	2,086,495.06
Department of Public Works	2,198,140.84
Department of Charities and Correction	211,153.60
Total	\$9,781,551.52

You will observe that the total amount estimated shows an increase over the amount estimated last year. This increase is largely due to the following items:

Interest and Sinking Fund increase	\$103,834.00
Bureau of Fire—	
Amount required to provide furloughs, as authorized by Ordinance passed over my veto	\$77,200.00
By firemen passing from first to second year to second and third year respectively	8,880.00
	86,080.00

Bureau of Police—	
Amount required to provide substitutes during the furloughs ordered by Ordinance dated Aug. 1, 1907	\$12,915.00
Amount required to provide for increase of force,	

made necessary by annexation of Sheraden and West Liberty	29,829.00	42,744.00
--	-----------	-----------

Bureau of Highways and Sewers—		
Increase of wages ordered by ordinance passed Mar. 25, 1907	88,594.60	
Bureau of Parks—		
Increase of wages ordered by Ordinance passed May 9, 1907	12,554.37	
Bureau of Light—		
To pay for additional lights authorized in the old City of Pittsburgh, as well as in the Boroughs of Sheraden and West Liberty.....	39,891.00	
Bureau of Water—		
To provide for operation of Filtration Plant, not in use last year	208,600.00	
Total	\$582,297.00	

These are the main increases and you will observe that they are due to the increase of wages, the annexation of new territory to the City, and to the introduction of filtered water this year, and not to any increase in the general expenses of administration of the affairs of the various departments.

To meet these increases requires an additional levy of almost $1\frac{1}{2}$ mills, after making the regular allowance for delinquencies.

Such additional increases as are asked for are due to the natural changes in the cost of administration, the purchase of supplies, and to meet the continual growth of the population of the City.

Notwithstanding these increases (the cause and amount of which is above explained), it is apparent that had it not been for the change due to the consolidation of the two cities, the expenses of this City for next year could have been more than met by a tax levy of $1\frac{1}{2}$ mills, as follows:

REVENUES.

City Tax, $11\frac{1}{2}$ mills on taxable value of \$522,752.147.00 less usual allowance for delinquents.....	\$4,989,113.00
Water Rents, less usual allowance	880,000.00
Delinquent Taxes	1,250,000.00
Liquor Licenses (amount received last year).....	533,000.00
State Allowance for Schools (estimated)	250,000.00
Street and Sewer Claims....	316,000.00
Mayor's Office, Licenses, Rents and other revenues.	910,000.00
Bonds for Streets and Sewer Assessments and Damages and Judgments (as per Controller's statement) ..	670,000.00
Total	\$9,798,113.00

Leaving a margin of over \$16,000.00 estimated receipts over estimated expenditures.

OLD CITY OF ALLEGHENY.

The financial condition of the City of Allegheny is not so satisfactory.

The control of the Executive Departments was assumed by the Consolidated City on December 10th, 1907.

It appears from the reports furnished to me by the City Treasurer that on December 28th, 1907, after collecting all the available cash and the payment of outstanding warrants, the balance of cash on hand available (exclusive of reserve funds pledged to specific purposes) was only \$29,333.19, to meet the interest on bonds due January 1st 1908, amounting to \$52,700.00.

The difference required to meet this payment was advanced by the City Treasurer out of the funds belonging to the old City of Pittsburgh.

It is expected that there will be some receipts from delinquent taxes and other sources, but the money necessary to pay the expenses of administering the Departments of the City during December, 1907, and January, 1908, and all bills outstanding at the time of the consolidation (the amount of which I have not yet been able to ascertain with accuracy) will have to be advanced from the funds of the old City of Pittsburgh as the balance required to pay the interest due January 1st was provided.

I submit to you herewith, the estimate submitted by the Deputy Controller for the amount required by his office for the year beginning February 1st, 1908, and also the estimates of the Asst. City Attorney and the Asst. Directors of the Departments of Public Works, Public Safety and Public Charities.

These estimates have been received by me at too late a date to enable me to make a thorough revision of them in time to submit them to your honorable bodies at your meeting January 13th, 1908, but I do not feel justified in holding the matter back any longer for that purpose.

Those estimates as far as received are as follows:

Amount required by Asst. Controller's office, for Interest, Sinking Funds, Judgments and other claims against the City....	\$1,037,121.42
Salaries, Contingent Fund etc.	96,500.00
Schools	
Carnegie Library	
Bath House Association.....	
Play Grounds	
Assessors	13,225.00
Outstanding Debt, including amount due Pittsburgh....	
Department of Public Safety	635,353.00
Department of Public Works	931,345.00
Department of Charities....	98,440.00

Total

I have not yet received the amounts for the various items left blank in the above statement, but as soon as received I will furnish the information to your Committee; I also hope to be able in a short time to give further information as to the propriety of the estimates of the various Departments.

Until this information has been secured, it will be impossible to make any accurate estimate of the taxes to be levied in the Allegheny district for the next fiscal year. The amount levied last year for Schools and School Taxes amounted to \$693,825.58, and I have no reason to suppose that it will be any less for the present year.

If not, it is apparent that in order to meet the present known expenses of the City (provided the amount required for Schools be not increased) over \$3,500,000.00 will be required.

The estimated revenue for the year ending February 29th, 1908, exclusive of the tax levy and receipts from delinquent taxes was \$751,981.24.

The balance, about \$2,750,000.00 cannot be raised by direct taxation without imposing on the people a burden too heavy to be borne, as the taxable valuation will not exceed \$94,000,000.00.

It appears from a statement prepared by the Controller's office that the outstanding floating debt of the former City of Allegheny is \$578,765.00; in this is estimated an amount supposed to be sufficient to pay the current expenses of the City during the months of December, 1907, and January, 1908, but not outstanding bills of the various departments, the exact amount of which has not yet been ascertained, but which in two items alone (Garbage Removal and Street Work) amount to over \$50,000.00.

Permit me to call your attention to the fact that under the Consolidation Act all the available assets of each of the old cities must be applied to its own debts and liabilities, and that all balances must be met by bond issues for which the debtor City will alone be liable, or by separate levies on the respective districts.

The amounts due the two cities for uncollected delinquent taxes December 1st, 1907, were as follows:

City of Pittsburgh of which 90 per cent. will be applicable to general City purposes, the balance belonging to Ward Schools).	\$1,909,844.53
City of Allegheny (of which 44 per cent. will be applicable to general City purposes, the balance belonging to Schools).	473,341.49

All future liabilities and expenses, however, must be met by a uniform tax covering the whole territory of the Consolidated City.

For the sake of convenience and uniformity and, particularly, because any other course would throw a very heavy burden of taxation on the Allegheny District (a burden which under present financial circumstances would be very difficult for the tax payers to meet) it

would be advisable to fund the outstanding floating indebtedness of both the cities as it exists at the end of the present fiscal year.

At present these debts as shown by the Controller's estimate are as follows:

City of Pittsburgh.....	\$1,164,012.00
City of Allegheny.....	578,765.00
Borough of Montooth.....	34,078.00
Borough of Sheraden.....	120,000.00

The bonds issued for these debts could be made for such time as your honorable bodies may think reasonable, and the necessary taxes for interest and sinking fund levied on the districts liable.

The outstanding cash assets of each City, such as delinquent taxes could be appropriated to the payment of the Interest and Sinking Funds of the City to which they belong, leaving the current expenses of the Consolidated City to be provided from its general revenues and a uniform tax levy on the whole territory.

Of course the school taxes as well as the taxes for Interest and Sinking Fund will have to be apportioned to the districts and wards of the various municipalities, as their liability for the same is shown.

In the above statement of the outstanding indebtedness of the old City of Pittsburgh there are included various items for the payment of which there is now on hand cash set aside and appropriated for that purpose. These claims will be paid as soon as properly probated and allowed. There are also items included for claims not yet due, but which it is expected will mature during the approaching fiscal year. Much of this, also, will be paid when due from the funds which will then be available for that purpose.

In my opinion these claims should not be considered in determining the amount for which the City can now create new debt.

In conclusion permit me to state that the proceedings for the opening and widening of Cecil place and West Carson street are now pending before viewers; that the viewers have made a final report on the widening of Second avenue, but it has not yet been finally confirmed.

The grading of Sixth avenue has been delayed because arrangements were not made by the Pittsburgh Railways Company for the necessary routing of its cars during the work, in time to do the work last season, but it is expected to be able to push the work through as soon as the weather will permit.

It affords me pleasure also to report that an agreement has been made with the Pennsylvania Railroad Company for an undergrade crossing at Lambert street, whenever that street has been widened and extended to the north line of the road.

Suits are pending and being pushed as rapidly as the rules will permit, as follows:

To restrain the Philadelphia Company from increasing the price of gas.

To secure payment of bridge tolls for the use of the Smithfield street and Point bridges by the Pittsburgh Railways Company.

The liability for tolls in the Point bridge has been decided in favor of the City, but the amount has not yet been fixed.

To recover from the Pittsburgh Railways Company for street cleaning, for which it is indebted to the City.

For the collection of taxes against property of the various roads owning land in the City.

For the appraisalment of the works of the Monongahela Water Company.

The amount estimated last year for the Carnegie Library in Allegheny was as follows:

For Library, Salaries, &c.....	\$20,572.00
Building, Maintenance, etc.....	12,347.50
Total	\$32,919.50

By transferring the maintenance of the Library to the Trustees of the Pittsburgh Carnegie Library, much more efficient service to the public can be afforded at less expense.

If operated as a branch library, it will have the benefit of the circulation of the Central Library, and the advantage of the work of the large force of assistants there employed.

I submit for your consideration and action, a statement of the Police Pension and Firemen's Disability Funds of the two cities:

POLICE PENSION FUND.

Reserve per man in Pittsburgh	
Fund	\$232.81

Reserve per man in Allegheny	46.27
Fund	

Excess per man in Pittsburgh	
Fund	\$186.54

To put Allegheny Fund on a par with Pittsburgh's Fund will require the provision of \$186.54 for each member of the present force of 165 men, amounting to \$30,779.10.

FIREMEN'S DISABILITY FUND.

Reserve per man in Pittsburgh	
Fund	\$302.73

Reserve per man in Allegheny	100.53
Fund	

Excess per man in Pittsburgh	
Fund	\$202.20

To put Allegheny's Fund on a par with Pittsburgh's Fund will require the provision of \$202.20 for each member of the present force of 148 men amounting to \$29,925.60.

These amounts will have to be provided before the two funds can be consolidated and the members of each force put on an equality.

Manifestly, it would not be either legal or equitable to increase the charge in the Pittsburgh Funds until an equivalent amount has been added to them.

It also seems to me that as the Pittsburgh Funds have been provided by the former City of Pittsburgh, the Allegheny Funds must be made good by the City of Allegheny.

I am,

Very respectfully yours,

GEO. W. GUTHRIE.

Mayor.

MERCY HOSPITAL,

Pittsburgh, Pa.

January 13, 1908.

Mr. M. F. Larkin.

Dear Sir:—

We wish to make application for an increase in our "Pasteur Appropriation" as the consolidation of the two cities will make it necessary. For the year 1907, we treated so many cases free, and the patients who did pay were given half rates. We will ask this time for three thousand dollars.

Yours with respect,

SISTER M. MARTINA

On motion of Mr. Soffel the reading of the minutes of the previous meeting was dispensed with.

The **Chair** introduced the Clerk of Select Council, E. J. Martin, who announced that Select Council was now ready to meet Common Council in Joint Session for the purpose of taking suitable action on the death of John B. Larkin, late City Controller.

The **Chair** directed the Clerk to notify Select Council that Common Council was now ready to meet Select Council in Joint Session for the purpose of taking suitable action on the death of John B. Larkin, late City Controller.

Which was done.

And Select Council having appeared and being introduced met in

JOINT SESSION

For the purpose of taking suitable action on the death of John B. Larkin, late City Controller.

The **Chair** (President **Walters**) said:

"We meet here in joint session to-night for the purpose of taking suitable action upon the death of the late City Controller, John B. Larkin. I will not attempt to eulogize the memory of Mr. Larkin at this time, as his sterling worth is too well known to all assembled, and I can pay him no higher a tribute than by saying that a prophet is not without honor, save in his own country. Mr. Larkin was the exception."

The **Chair** called upon Mr. **Ferguson**, who said:

"Mr. President and Gentlemen—It is with deep sorrow that I rise here to-night to announce the death of John B. Larkin. I knew the gentleman for a great number of years, probably longer than most of you here, and I have been connected with him in a number of ways in relation to city business and otherwise. When a man is dead we realize his real worth, and we now realize what we have lost in the death of John Larkin. All that remains of him is lying out in his home in Fifth avenue to-night. God Almighty, in his goodness and wisdom, saw fit to take our worthy associate and townsman from us. Very few of us knew him as he really was. He was a rough diamond—there was no polish to his makeup—nevertheless the brightness was there, like the sun shining behind a cloud.

His death has affected me as if I had lost a member of my own household. In my judgment it will be a long time before John B. Larkin will be replaced, notwithstanding the fact that there are many able men here to-night. Mr. Larkin had the welfare of the city at heart at all times, and I have no hesitation in saying that the worry he took upon himself in taking care of its welfare had much to do in hastening his death. He put in all of his time in the interests of the city. He went by night and by day to get information in the line of his duty—he has gone to other cities to get this information, and I will say that if you search the records, you will find no item of expense that he charged against the city for any duty that he thought he was called upon to perform for the benefit of the taxpayers. His intentions were always good. It is only after a man like John B. Larkin is gone that we realize his real worth, and to-night in this city, with its sorrows and sighs, his death has fallen upon us like a dream, as we can hardly realize that he has gone from us never more to return.

"I now make a motion that a committee of seven be appointed, four from Common and three from Select Councils, to draw up a resolution suitable for this occasion, on the death of our friend and worthy associate, John B. Larkin."

The motion prevailed.

And Messrs. **Ferguson, McElroy, Woods and McMorris** were appointed upon behalf of Common Council.

And Messrs. **Metcalf, Oliver and Kearns** were appointed upon behalf of Select Council.

The **Chair** instructed the committee to withdraw in order to prepare the resolution.

The committee returned, and

Mr. Ferguson presented
No. 128.

John Bernard Larkin died at his home, 3517 Fifth avenue, on Wednesday morning, January 22d, after a short illness. While Mr. Larkin had been in poor health for the past two years, he had been confined to his home only during the past two weeks.

Mr. Larkin was born on November 25th, 1838, in Gibbon street, in what is now the Sixth ward, and spent most of his life in this city, in which he has been a prominent figure in Democratic politics for many years.

On April 2, 1882, Mr. Larkin was appointed postmaster for this city by President Grover Cleveland, and he proved himself to be a painstaking and efficient official, planning and carrying out many reforms in the mail service.

In 1902 Mr. Larkin was elected City Controller and served in that capacity up until the time of his death, proving himself an efficient and aggressively honest fiscal officer. At the time of his death Mr. Larkin was planning to make a campaign for another term as City Controller.

In the death of Mr. Larkin the City of Pittsburgh has met with a great loss; therefore, be it

Resolved, That the members of Select and Common Councils, in joint sessions assembled, do hereby take this means of expressing their deep sorrow and sincere regret at the death of John Bernard Larkin, late City Controller, and feel that the City of Pittsburgh has lost a loyal, capable and trustworthy official; and, be it further

Resolved, That the sincere sympathy of Councils be extended to the family of the late Controller, John Bernard Larkin, in the hour of their great bereavement, and that a copy of

these resolutions be spread upon the records in full and an engrossed copy thereof be transmitted to his family.

HUGH FERGUSON,
JOHN C. OLIVER,
MICHAEL MCMORRIS,
SAMUEL MCELROY,
CHAS. E. WOODS,
P. B. KEARNS,
WILLIAM METCALF, JR.,
Committee

Which was read.

Mr. Ferguson moved

The adoption of the resolution.

Which motion prevailed by a unanimous rising vote.

Mr. Soffel arose and said:

"Mr. Chairman and Gentlemen of Councils—At this time I rise to speak a word for our late City Controller, John B. Larkin. I will so attempt, upon this occasion, to deliver an eulogy upon his past acts. I believe he is one who is deserving of at least some kind remark for the services that he rendered to the people of the City of Pittsburgh. Mr. Larkin was human, and like every other human being, he had his faults and his good traits, and it is my pleasure, at this time, to say that his good traits far outweighed those of the bad.

"Mr. Larkin was a very determined character, and many times in making decisions, he acts have gained him the enmity of his fellow men, but it has never been done with that intention, but he thought that duty called upon him to render such decisions, irrespective of consequences.

"It was my pleasure to meet with Mr. Larkin on many occasions, having served on the finance committee on appropriations in 1892 and again in 1907, and I found in Mr. Larkin an able and competent accountant—a man who appeared in every instance to have the business of his office and the city at his fingertips. He worked courageously and zealously in behalf of the people. He always performed all the duties required of him in a way he considered was to the best interests of the city and in keeping with good judgment. It is needless to say that for no act performed in his official capacity can the finger of scorn be pointed at him, nor can any remarks of any character made against him. His life was such as to put it above question. John Larkin was an honorable man at all times. I could continue along this channel and tell of many things—good things that he has done for the people of this city, but you don't want to hear that now as you all know it as well as I do. I can say in the loss of Mr. Larkin, our late City Controller, the City of Pittsburgh has indeed sustained a severe loss. I hope that the memory of John B. Larkin will be revered, and I trust that the city will be able to find another controller such as he was."

Mr. Melaney arose and said:

"In offering my humble tribute to Controller Larkin I cannot forget the many noble deeds he has performed in the last few years, some of which I have come in personal contact with.

"In taking the measure of a man holding a high political position we may sometimes find politics play too important a part in our judgment, but when that man has been removed by death beyond the sphere of politics, and we are permitted to see him as he really was, we judge him by the good or evil he did in life."

life. It is then only we can get his true measure and judge by this standard of value in compliance with that command issued 1,900 years ago, 'Do unto others as you would that others do unto you,' John B. Larkin can rank as one of the tall men of this community.

"Of humble parentage, with no pull but his own efforts to assist him up the ladder of success, his unquestioned integrity, never ceasing energy and perseverance have compelled the world to recognize his merits and place him above the level of the ordinary man. Optimistic in temperament, ever willing to aid his fellowmen in this uphill struggle for a pleasanter existence, he has left a host of friends who will be sincerely sorry for his going, and when the Angel of Death touched, with his icy finger, that manly form, releasing the intellect which had given him his individuality, there sank beneath the horizon another sun, the last glint of whose rays illuminated for an instant the inky darkness of infinity, just as his genial smile and hearty handshake dispelled the gloom and forebodings of his many friends. In the death of Controller Larkin Pittsburgh has lost one of the most efficient members of its official family."

Mr. Wasson arose and said:

"Mr. Chairman, I desire to say one or two words on the death of our lamented Controller, John B. Larkin.

"In the death of Mr. Larkin the City of Pittsburgh has lost a public officer whom it will be difficult to replace. John B. Larkin stood in a position before the people of this city that might be envied by any person. He was revered and respected and trusted. One of the uppermost things in this man's character was his sense of duty, and he administered the affairs of the city as he would administer the affairs of his own private business.

"I believe that we might here fittingly include in this memorial these words, 'Well done, thou good and faithful servant.'"

Mr. Metenlf arose and said:

"Mr. President and Gentlemen of Councils—I am wholly unprepared to make any sort of address at this time, but would like to say a few words on the death of John B. Larkin.

"It seems to me in making an estimate of a man at his death it is proper to say in what way he performed his duties while on earth. A man must perform his obligations to God, his country and himself, and it seems further that when a man has performed his whole duty in his efforts to serve his country during his christian life, he has performed his whole duty to God. I do not believe that there is any person present who can say that the late John B. Larkin has not performed to the utmost of his ability his duty to the city. He has performed his whole duty as a Christian gentleman, who has served his God in the greatest way possible for a human being to serve Him, and after a long life of faithful service, John B. Larkin has gone to his just reward. If the rest of us perform our duties to the same degree of faithfulness, we need have no fear of the hereafter."

Mr. McElroy arose and said:

"Mr. President and Members of Councils—I did not have the honor of knowing Mr. Larkin personally. It was only as a public official that I knew of him. I cannot recall that I ever had the pleasure of meeting him. I know Mr. Larkin, therefore, by reputation only, and it is from his public service that I desire to pay tribute to his memory

"He impressed me as a man of sterling worth; a man of determined will; a man capable of discharging every duty devolving upon him in his official capacity, and a man who had the confidence and respect of the people. He had been elected time and time again to responsible positions, and in every one of them he rendered strict account.

"Death is no respecter of places or persons. The grim reaper gathers his sheaves, and does not exempt the highest or the lowest. We do not know when death will come. It will come our turn after while, and we are admonished by the life of John B. Larkin to be faithful to every duty. When his turn came he was ready to hear, 'Well done, thou good and faithful servant; enter into the joys the Lord, thy God, has prepared for you.'"

Mr. Brand arose and said:

"Mr. Chairman—I rise at this time to make but a few brief remarks on this occasion when we are called together to pay tribute to one who has been a faithful city official and a good servant of the people of the City of Pittsburgh. I can only talk of our late Controller as I found him, and I presume by taking that stand that I can show the true character of the man.

"John B. Larkin was a man of humble parents, and rose to the position that he held in the estimation of the people of his municipality by his own effort. His close connection with the people, and the esteem in which he was held in their hearts, I can only attribute to the fact that he rose from the midst of the middle class of life.

"I have differed with Mr. Larkin on many occasions, but we differed honestly. I found him firm, and when he took a stand he believed that he was right, and he performed his duties for the best interests of the public. He was always ready to give us advice or his views on matters pertaining to the city government. When he made up his mind a thing was right he stood firm until convinced otherwise. He differed with Councils and he also differed with the Chief Executive, and these differences were always honest.

"I wish to say further, in connection with our late Controller, that whatever duty he was called upon to perform he performed it in a way that he thought was for the best interests of the city and in accordance with the laws. In any difference he had with Councils, if you could show him where he was wrong, he was ready to submit.

"In this life we all have our little trials and tribulations, but we are on this earth but a short time and should try to make things as pleasant as possible while we are here, and, if we perform our duties as faithfully and honestly as did John B. Larkin, we need have no fear of the future. Life is exactly as we make it. We all have to travel the same road as we have seen many go before us, and I hope and pray that the members of Councils and the citizens of this city may take a lesson from the life of John B. Larkin.

"In conclusion, I would like to make a motion that in order to show our respect to the late City Controller, we visit his residence in a body after this meeting."

Mr. Soffel moved

To amend, "That a committee of ten (10), six (6) members of Common Council and four (4) members of Select Council be appointed to represent Councils at the funeral."

Mr. Metenlf moved

To amend the amendment, "And that all members of Councils who can do so attend the services."

The amendment was accepted by Mr. **Soffel**.
And the question being taken on the amendment as offered by Mr. **Soffel**,
The amendment prevailed.

The **Chair** (President **Walters**) appointed Messrs. **Soffel**, **Ferguson**, **Forrest**, **Hooper**, **McGrath** and **McMorris** on behalf of Common Council, and Messrs. **Kearns**, **Hawkins**, **Frederick** and **Stewart** on behalf of Select Council.

Mr. **Stewart** moved

That the joint session do now arise.

Which motion prevailed.

And Select Council returned to its own Chamber.

Mr. **Ferguson** moved

That the action of the Joint Session be ratified and confirmed.

Which motion prevailed.

On motion of Mr. **Ferguson**

Council adjourned.

No. 165.

Whereas, As shown by the annexed letter, Mr. Henry Phipps has offered to lease for playground purposes a certain tract of land in the First ward of the former city of Allegheny, now occupied as the Phipps playground, on condition that Councils make an appropriation for the support of the same. Therefore,

Resolved, That the Select and Common Councils of the City of Pittsburgh hereby accept the proposition of Mr. Phipps, and agree to make an annual appropriation sufficient for the maintenance and support of said playground, said appropriation to be made to the Playground and Vacation Association of Allegheny, Northside, Pittsburgh, from year to year.

New York, January 23rd, 1908.

The Playground and Vacation School Association of Allegheny, Northside, Pittsburgh, Pennsylvania.

Ladies:—

I hereby offer to lease to you for twenty-five years at an annual rental of one hundred dollars, payable in semi-annual installments, the premises in the First Ward of the former city of Allegheny, now occupied as the Phipps playground, between School street and Roger's alley, and having a frontage of about two hundred and eight feet on Rebecca street and South avenue, except a parcel of land thirty feet by twelve feet, more or less, in about the centre thereof, with the equipment, for use only as a public playground, and also the premises on the northeasterly corner of Rebecca and School streets, having a frontage of about fifty-four feet on Rebecca street and a frontage of about one hundred and twenty-nine feet on School street, with the gymnasium building thereon, and its equipment, for use only as a public gymnasium, bath and wash house, upon the following express conditions:

The said premises shall be used only for the purpose above specified and under such reasonable rules and regulations as your Association may determine, and shall not be sub-let, nor shall the lease thereof be assigned to any other person or corporation without my consent in writing. No alterations or improvements shall be made in or upon said premises without my previous approval. The premises and buildings, with equipment, shall be kept in first-class repair and at the end of the lease shall be returned to me in the condition in which you received them. The City

of Pittsburgh shall annually pay all expenses of operation, maintenance, repair and renewal of the premises and equipment, including full insurance in my name on buildings and equipment, and shall now exempt said premises from all taxes, assessments and water rates of every kind during the term of said lease. Should any of the foregoing conditions be broken, including any failure of the city of Pittsburgh to make sufficient annual appropriation for expenses, as above, I am to have the right to cancel said lease and take immediate possession of the premises, or, if any such breach be waived, I am to have the same right upon any subsequent breach. You may consider this offer in effect until April 1st, 1908.

My representative shall have access to the foregoing ground, buildings and equipment at any time to see that the conditions stated in the lease are observed. For several years past I have paid instructors for the children and I shall expect you will do at least as much as this.

As soon as the Select and Common Councils of the City of Pittsburgh have given sufficient assurance of appropriate action on the part of the City of Pittsburgh to carry the foregoing into effect, I shall be pleased to execute a formal lease to your association in accordance with this offer, containing such other covenants and provisions as may be usual or desirable.

Yours very truly,

(Signed) HENRY PHIPPS.

No. 172.

CHAMBER OF COMMERCE,

Coraopolis, Pa., Jan. 24, 1908.

Whereas, What is known as the River Road, formerly in the Borough of Esplan, now the 40th Ward of the City of Pittsburgh, leading from Steuben street to Chartiers creek, in the said City of Pittsburgh, is now and has been for many years in a condition rendering it dangerous and inconvenient to travel by the public thereon; and,

Whereas, The said River Road is the only outlet for Esplan, McKees Rocks, Stowe Township, Robinson Township, Neville Township and the Borough of Coraopolis, and much the most convenient outlet for all of the southwesterly part of Allegheny County, and has over it as great an amount of travel as any other portion of any street an equal distance from the center of the city, being traversed as it is by market wagons from Neville Township and the country districts around McKees Rocks and Coraopolis Borough, and also by the tracks of the Pittsburgh Railways Company carrying passengers and cars to Elliott, Sheridan, McKees Rocks and Coraopolis; and,

Whereas, Repeated requests for the improvement of said road have been neglected or ignored until the same has become a public nuisance and a menace to human life; therefore be it

Resolved, By the Chamber of Commerce of the Borough of Coraopolis, in regular session now assembled, that this body join in the prayer of a petition to the Mayor and Councils of the City of Pittsburgh that the improvement of said River Road from Steuben street to the McKees Rocks Borough line be taken up and completed at the earliest possible date.

Resolved further, That a copy of this preamble and resolution be spread upon the minutes of this body, that the same be certified to the Mayor and Councils of the City of Pittsburgh by the President and Secretary of this body.

We, the undersigned President and Secretary of the Chamber of Commerce of the Borough of Coraopolis hereby certify that at a regular meeting thereof, held Friday, January 24, 1908, the foregoing preamble and resolution was duly and regularly adopted, and that the same remains recorded upon the minutes of this body.

Witness the hand of the President and Secretary of the said Chamber of Commerce this 24th day of January, A. D. 1908.

HARRY C. GRAHAM,
President.

CHAS. W. ROLL,
Secretary.

No. 173.

Pittsburg, Pa., January 26, 1908.

To the President and Members of Select Council, Pittsburg, Pa.:

Gentlemen—At a special meeting of Payers and Ramblers Assembly No. 6266, Knights of Labor, held January 23rd, 1908, it was unanimously decided to petition your honorable body relative to getting an early start on the work of improving and repairing of the streets of Greater Pittsburg.

In past years it has been the custom of starting this work late in the season, thereby limiting the work to about one-half of what could be done if it was started in proper time. An early start also means employment to the members of this Assembly, as well as other mechanics and unskilled labor, a large number of whom are and have been out of employment for some time.

We understand there is to be a large sum of money expended this year for the improvement and repaving of our streets. An early start would also be a great benefit to the city, as there would be ample time to complete this work before the bad weather would set in.

We do not desire to criticize any of the city officials, but beg to say that to our knowledge the streets of our city are not in the condition that they should be, and we believe the cause of this is due to insufficient funds in the hands of the Bureau of Highways and Sewers.

Trusting you will give this your careful and favorable consideration, we are,

Respectfully,

JAS. MALARKY.

Master Workman.

HERBERT FINCH,

Recording Secretary.

BUSINESS FROM SELECT COUNCIL.

The Chair took up

S. C. No. 165.

MAYOR'S OFFICE,)
PITTSBURGH, PA., Jan. 27, 1908. }

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to transmit herewith opinion of William B. Rodgers, Esq., City Solicitor, in regard to power of Councils to elect a City Controller to fill the vacancy caused by the death of the late Honorable John B. Larkin. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

DEPARTMENT OF LAW,)
PITTSBURGH, January 23, 1908. }

Hon. George W. Guthrie, Mayor:

Dear Sir—You have asked me to give you an opinion as to what should be done in view of the death of John B. Larkin, City Controller.

The Act of 16th May, 1857 (P. L. 541), which is an act "Supplementary to an Act to incorporate the City of Pittsburgh," provides for the election by the people of a City Controller, as well as other officers. Section Six of that Act provides:

"Whenever an elective officer shall die, resign, remove from said City, or otherwise become incapable of fulfilling the duties of his office, the City Councils in joint session shall elect a successor, except in the case of the Mayor."

Further, the Act of 6th April, 1867 (P. L. 846), which is "A further Supplement to the Acts Incorporating the City of Pittsburgh, extending its boundaries, etc.," provides, in the 26th Section, as follows:

"And in case any office of an elective officer shall become vacant before the expiration of the regular term thereof, the vacancy shall be filled by the City Councils until a successor is elected and qualified, and such successor shall be elected for the unexpired term at the first annual city election which occurs after the vacancy shall have happened."

I do not find any subsequent legislation inconsistent with the sections above quoted.

Therefore, the present vacancy, in my judgment, should be filled as provided in the sections above quoted.

Respectfully submitted,

W. B. RODGERS,

City Solicitor.

In Select Council January 27, 1908. Read, received and filed.

Which was read, received and filed.

Mr. Soffel moved

That Common Council do now meet in Joint Session with the Select Council for the purpose of electing a City Controller to fill the vacancy caused by the death of John B. Larkin, late City Controller.

Which motion prevailed.

And the Clerk was directed to notify Select Council that Common Council was now ready to meet Select Council in Joint Session for the purpose of electing a City Controller to fill the vacancy caused by the death of John B. Larkin, late City Controller.

Which was done.

And Select Council having appeared and being introduced, so met in

JOINT SESSION

For the purpose of electing a City Controller to fill the vacancy caused by the death of John B. Larkin, late City Controller.

President Walters said:

"Gentlemen:—We are meeting in joint session for the purpose of electing a controller to fill the vacancy caused by the death of John B. Larkin."

Mr. Soffel arose and said:

"Mr. Chairman and Gentlemen:—At this time, I ask the privilege of the floor in order to perform one of the most pleasant duties that ever fell to my lot. I take pleasure in placing in nomination

for the office of city controller the name of a man whom you all know well, and some of you very well.

"God, in his divine wisdom, saw fit to remove from our midst our late friend, John B. Larkin, and that came to us like a thunder clap from a clear sky, and we were baffled for a short time, and probably asked ourselves the question, 'Why was it done?' In 1839 our Lord was good to us by allowing or permitting a son to be born in Fifth avenue, on April 10th, and that son was reared and educated in the Third and Eighth wards of the City of Pittsburgh, graduating from the grammar schools to the high school and after passing through there he entered upon the reading of law, and at the age of twenty-three years the people of the Eighth ward looking about among their number for a candidate to serve in the capacity of alderman, the lot fell upon the shoulders of this young man, and he was the choice of the people and was elected to that office and served there as only this man could serve. In 1871, when Pittsburgh Councils were casting about for a suitable man to carry out the functions of city clerk, they went to the Eighth ward, and there selected this man, who served in that capacity from 1871 until 1881, when the people of this city, of the whole city of Pittsburgh, were looking for a man to serve in the capacity of city controller, and after having used all their powers in determining upon a candidate, they finally chose this man. In 1881 this man became city controller and served until 1893, and most of you know how well he served the people during that time, and I am led to believe that he could have had the nomination again, but, for reasons best known to himself, he would not accept it. In 1893 Henry L. Gourley was elected city controller. Mr. Gourley was noted for his shrewdness as a politician and his ability as a business man, and he saw clearly the fact that he must have associated with him one who was well versed in municipal affairs and who had the business of the controller's office at his fingers' ends, and he consequently appointed this man assistant controller, and he has served in that capacity up to this very hour.

"I want to say in placing this man's name in nomination, that we have one who is a God-fearing man; a man who devotes one night of every week to the teaching of a Bible class, and who devotes one day, the Holy day, the Sabbath, to his church. He is a member of the Eighth U. P. Church, which meets in Van Braam street.

"He has served the city since 1871 continuously, and his record speaks for itself.

"I would therefore, gentlemen, take great pleasure, at this time, in placing before you for the election as controller to fill the unexpired term of our late city controller, the name of my friend, your friend, and the trusted friend of the people, E. S. Morrow."

Mr. Brand arose and said:

"Mr. Chairman and Members of Councils:—It affords me great pleasure to second the nomination of this man. He has been tried and has never been found wanting in any particular field of duty.

When an occasion like this arises, we sometimes feel that we have lost a man who cannot be replaced, but Providence always provides a man who is willing and qualified and prepared to fill the vacancy.

"I certainly believe that by seconding the nomination of this man, that it is a nomination that will be ratified by every voter within the bounds of this municipality—a municipality that is second to none under the Stars and Stripes of this great country.

In presenting this man's name for nomination, my colleague from the Thirty-second ward has certainly presented the name of a man thoroughly versed in the laws of this municipality and the business of this particular department of which he is to become the head. He is every man's friend, the taxpayer's friend and the friend of every councilman with whom he has come in contact.

"I have the pleasure of having been acquainted with him for the past six years and during that time have been very closely connected with him in municipal affairs, and there has never been an occasion when a question arose that left a doubt in the minds of the chief executive or of the members of councils that his advice has not been sought, and without fear of contradiction I will say that when that advice was followed it was found to be good, proper and just.

"I wish to say in conclusion that this man will be revered in the position of controller as long as the history of Pittsburgh remains upon the pages of the history of the American Republic.

"All will be proud of having given their support here to-night to elect E. S. Morrow city controller of this city.

"I thank you, gentlemen."

Mr. McElroy moved

That the nominations close on the name of Mr. E. S. Morrow.

Which motion prevailed.

And the result of the voting was as follows:

For Eustace S. Morrow—

Messrs.

Adair	Hooper	Purnell

Which was referred to the Committee on Public Works.

The Chair presented

No. 177.

January 10, 1908.

To the Honorable, the Common Council of the City of Pittsburgh.

Gentlemen:

I have received a copy of file No. 2, Bill 994, S. C., being an ordinance giving the consent of the City of Pittsburgh to the annexation of the Borough of Aspinwall to said city. This bill is referred to me for written opinion as to whether the said Borough of Aspinwall is contiguous to the City of Pittsburgh and can legally be annexed to said city.

The boundary line between the City of Pittsburgh and the Borough of Aspinwall is the center of the Allegheny river and, therefore, the two are contiguous.

Respectfully submitted,

W. B. RODGERS,
City Solicitor.

Which was read, received and filed.

BUSINESS FROM SELECT COUNCIL.

S. C. No. 10. Resolution providing for the appointment of a special committee, to report to Councils the best method and ordinances for the purpose of consolidating the separate police associations or corporations now existing in the former City of Allegheny and the City of Pittsburgh and created for the purpose of paying pensions and disability benefits.

Resolved, By the Select and Common Councils of the City of Pittsburgh, that a Special Committee, consisting of two members of Select Council and three members of Common Council, to be appointed by the respective presidents, be appointed to investigate and report to Councils the best methods and ordinances for the purpose of consolidating the separate police associations, or corporations, now existing in the former City of Allegheny and the City of Pittsburgh, and created for the purpose of paying pension and disability benefits.

In Select Council January 27, 1908. Rule suspended, read and adopted.

On motion of Mr. **Soffel**, the action of Select Council was concurred in.

Also

S. C. No. 11. Resolution providing for the appointment of a special committee, to report to Councils the best method and ordinances for the purpose of consolidating the separate firemen's associations or corporations now existing in the former City of Allegheny and the City of Pittsburgh, and created for the purpose of paying pensions and disability benefits.

Resolved, By the Select and Common Councils of the City of Pittsburgh, that a special committee, consisting of two members of Select Council and three members of Common Council, to be appointed by the respective presidents, be appointed to investigate and report to Councils the best method and ordinances for the purpose of consolidating the separate firemen's associations, or corporations, now existing in the former City of Allegheny and the City of Pittsburgh, and created for the purpose of paying pension and disability benefits.

On motion of Mr. **Soffel**, the action of Select Council was concurred in.

Also

S. C. No. 130. Whereas, Councils are about to be called upon to provide money to extend the operation of the filtration plant so as to provide filtered water for the North Side; and

Whereas, The present filtration plant is not yet complete, and will not be for six months to come, although the time for its completion expired in the month of September, 1907; and

Whereas, Material and expensive changes in the plans and specifications have been made without the knowledge or consent of Councils, and no effort has been made to collect the penalty for the delay in the completion of the plant, the probable outcome of all of which will be the necessity for the settlement of the contractors' claims by litigation; and

Whereas, It has been charged that the construction and maintenance force of the plant are arranged in violation of the provisions of the State Civil Service laws and the resolution and ordinances of Councils governing the same; therefore, be it

Resolved, That a joint committee of seven, four members from Common Council and three members from Select Council, be appointed by the respective chairmen, with power to investigate the construction and operation of the filter plant, and report its findings back to Councils.

In Select Council January 13, 1908. Read and adopted.

IN THE COURT OF QUARTER SESSIONS OF ALLEGHENY COUNTY, PENNSYLVANIA.

In re petition for the arrangement of the territory embraced in the Borough of West Liberty (now annexed to the City of Pittsburgh) into a ward of wards of said city, etc.

No. 1 January Term, 1908. Miscellaneous.

DECREE.

And now, to wit, January 17th, 1908, this matter came on to be heard pursuant to previous Order of Court, and appearing that the matters set forth in the petition filed in this case are true and that at least five days' prior notice thereof has been given by publication.

in the Hill Top Record, a public newspaper of Allegheny County, and also by posting of handbills in at least ten public places in said annexed territory, as directed by said previous Order of Court, and also that notice thereof has been duly served on the Mayor of the City of Pittsburgh.

Now therefore, it is ordered, adjudged and decreed as follows:

First. That the territory embraced in the Borough of West Liberty, as the same existed at the time of its annexation to the City of Pittsburgh, be and the same is hereby erected into and created one ward of said City of Pittsburgh, to be known and designated as the Forty-fourth Ward of said City.

Second. That all persons who were citizens of the Borough of West Liberty at the time of its annexation to the said City of Pittsburgh as aforesaid and who are resident within the territory hereby erected into the Forty-fourth Ward of the City of Pittsburgh shall exercise and enjoy all rights of citizenship as citizens of the said City of Pittsburgh as fully and completely as if said territory had always been a part of said City.

Third. That the people of the territory embraced in the Forty-fourth Ward as herein established shall be entitled to one representative in the Select Council of said City and to one representative in the Common Council of said City, subject, however, to any existing laws which may entitle the members of the Town Council of the Borough of West Liberty to be members of the Common Council of said City.

Fourth. The territory embraced in the Forty-fourth Ward of the City of Pittsburgh, as herein established, shall constitute two election districts, which election districts shall be identical with the election districts existing in the Borough of West Liberty at the time of its annexation to the City of Pittsburgh, that is to say, the first election district of said Borough as it existed at the time of annexation shall constitute the first election district of the Forty-fourth Ward of the City of Pittsburgh; the second election district of said Borough of West Liberty as it existed at the time of annexation shall constitute the second election district of the Forty-fourth Ward of the City of Pittsburgh; and the polling places for said election districts shall be and remain as heretofore, to wit:

For the first election district: The Mechanics Hall on West Liberty avenue, at the foot of Cape May avenue.

For the second election district: The Public School Building at the corner of Freda and Calle avenues.

Fifth. S. C. Bill No. 178. An Ordinance entitled "An Ordinance re-establishing the end of Woodlawn avenue, from the first angle of Woodlawn avenue east of the Tech. School building to a point two hundred forty-nine (249) feet westwardly from said angle."

Which was read.

Mr. McGrath moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read the third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

No. 36

MAYOR'S OFFICE
PITTSBURGH, PA., Feb 10, 1908. }

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, ordinance C. C. No. 56, entitled, "An Ordinance requiring trials by courts, either of trial or inquiry, appointed under Article 3 of the Act entitled, 'An Act for the government of cities of the second class,' approved March 7th, 1901, to be held publicly."

The City Solicitor is of the opinion that this ordinance is invalid. He advises me as follows:

"The Act of 1901 provides for the constitution of a court. The proceedings of that court, subject to the protection of the rights of the person charged with offense, are within the discretion of that Board. It is an executive subject, and I do not think that the legislative branch of the City government has any power to annex any terms and conditions to the trial. There is nothing in the grant of power to the legislative department which gives the power to the legislative department to add terms or conditions to the Act of Assembly."

Most of the trials under this Act involve merely violations of the rules for the government of the employees of the Bureaus of Police and Fire. They are necessary for the maintenance of discipline; but to subject the defendants to public trials in such cases would, in my opinion, be an undue humiliation of them and would tend to destroy their self-respect and impair the esprit de corps of the forces.

After a thorough investigation I am satisfied that an overwhelming majority of the policemen and firemen themselves are against making these trials public.

However, rules have been adopted by the Department, with my approval, which give the defendants the right to be represented by counsel, and, if he requests it, to have a public trial of the charges against him. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

C. C. Bill No. 56. An Ordinance entitled "An Ordinance requiring trials held by Courts, either of trial or inquiry, appointed under Article 3 of the Act entitled 'An Act for the government of cities of the second class,' approved March 7, 1901, to be held publicly."

In Common Council January 27, 1908.
Passed.

Which was read.

And on the question, shall the bill become a law notwithstanding the objection of the Mayor? the ayes and noes were ordered to be taken agreeably to law, and being taken, were:

Ayes—Messrs.

Adair	Haering, J. L.	Purnell

MAYOR'S OFFICE,
PITTSBURGH, PA., Feb. 10, 1908.
To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:

I have the honor to transmit herewith the report of the Acting Director of the Department of Public Works, in accordance with your resolution, C. C. No. 126, "requesting the Mayor and the Director of the Department of Public Works to furnish Common Council with an estimate of the cost of a bridge over the Allegheny river on or near the site of the old Union bridge. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

OFFICE DEPARTMENT OF PUBLIC WORKS,
PITTSBURGH, PA., Feb. 10, 1908.

Hon. George W. Guthrie, Mayor.

DEAR SIR:

In accordance with the resolution, C. C. No. 126, "Requesting the Mayor and the Director of the Department of Public Works to furnish Common Council with an estimate of the cost of a bridge over the Allegheny river on or near the site of the old Union Bridge," I beg to report as follows:

A bridge having an abutment near the Point Bridge and landing on the line of Grant street, North Side, fifty feet in width, with thirty-two foot roadway, nine foot sidewalks, and seventy feet above pool level, having a span of 220 feet and two spans of 394 feet, the approach to which on the North Side having a grade of five per cent., it is estimated will cost \$750,000.00.

Yours truly,

A. B. SHEPHERD,

Acting Director Department of Public Works.

Which was read and referred to the Committee on Finance.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to transmit herewith the report of the Acting Director of the Department of Public Works in compliance with resolution C. C. No. 129, "requesting an examination of the present condition of the Troy Hill Reservoir." I am,

Very truly yours,

GEO. W. GUTHRIE,

Mayor.

DEPARTMENT OF PUBLIC WORKS

PITTSBURGH, PA., Feb. 10, 1908.

Hon. George W. Guthrie, Mayor:

Dear Sir—In accordance with the attached Resolution, C. C. No. 129, I beg to report as follows with respect to the condition of the Troy Hill Reservoir:

I have had a careful survey and examination made and find that, so far as the safety of the structure is concerned, there does not seem to be any condition which would warrant its being considered unsafe or dangerous. There are some small leaks, but these appear at points which indicate that the water comes through natural formation and not through embankments or made ground, and have been there for many years and have not increased in size to that time.

Yours truly,

A. B. SHEPHERD,

Acting Director Department of Public Works.

C. C. No. 129.

Resolution requesting an examination of the present condition of the Troy Hill Reservoir.

Whereas, There has appeared in the public prints at various times statements relating to the dangerous condition of the Troy Hill Reservoir; and

Whereas, If, as stated, the reservoir is leaking and in the condition liable to give away at any time, thereby causing the destruction of many lives and great loss of property, it is the duty of Councils to take prompt action looking toward the abatement of the danger; therefore, be it

Resolved, By the Select and Common Councils of the City of Pittsburgh, That the Mayor and Acting Director of the Department of Public Works be, and are hereby requested to cause a thorough examination to be made of the Troy Hill Reservoir by the City Engineer, and the result of such examination be reported to Councils with as much promptness as circumstances will permit.

Which was read, received and filed.

MAYOR'S OFFICE
PITTSBURGH, PA., Feb. 10, 1908. }

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to transmit herewith the report of the special committee on the so-called "Wilbert Grove" park property in the 32nd Ward of the City of Pittsburgh appointed by the late Director of the Department of Public Works, James W. Clark, in pursuance of your resolution C. C. No. 1063.

It appears from the report of the committee that the property can be purchased within the sum set apart for the purchase of a park in the 32nd Ward, and that it is the only property of sufficient size in that Ward which can be so purchased.

You will observe that the property referred to, being most "hillside property," is not available for playgrounds or athletic purposes.

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

IN THE MATTER OF A PUBLIC PARK
IN THE THIRTY-SECOND WARD,
CITY OF PITTSBURGH.

To Alexander B. Shepherd, Acting Director Department Public Works, Pittsburgh, Pennsylvania:

On September 13th, 1907, the Thirty-second Ward Park Committee appointed by the late Director James W. Clarke made report to you of its proceedings up to that date. This report was in response to your letter of September 11th referring to resolution of C. C. No. 1063. Since that report was made to you the committee has made considerable progress.

The entire committee, accompanied by yourself and various officers of the Mt. Washington and Duquesne Heights Board of Trade, went over the Wilbert Grove site and made a careful examination thereof on Friday, October 11th.

This committee was appointed "to ascertain the values of the various properties embraced in what is known as the Wilbert Grove plan, Thirty-second Ward, of the City of Pittsburgh, and to secure from the owners offers (or options) for their respective properties, stating the prices and terms on which they are will-

ing to sell the same to the city for the purpose of a public park, so as to enable the city to ascertain the total cost of the site and to acquire the same if it should decide to do so." The amount of the appropriation available for this purpose has been stated to the committee as being \$60,200.00; therefore it has been necessary to keep within this sum.

The committee was furnished by your Department with a map (copy of which is herewith submitted) of the so-called Wilbert Grove site; it has carefully considered values, and after considerable negotiation submits what it believes to be very reasonable prices on the property described below, with one exception, which is explained later in this report.

DESCRIPTION OF PROPERTY.

All those four certain lots or pieces of ground situated in the Thirty-second Ward of the City of Pittsburgh, County of Allegheny and State of Pennsylvania, bounded and described as follows:

Section 25, Lots Nos. 302, 303, 304 and 305	14,152.50
Section 26, Lots Nos. 308, 309, 310 and 311	14,490.00
Section 29, Lots Nos. 320, 321, 322, 323, 324 and 325	15,950.00

The price of the above property was originally fixed by the owners at 7½¢ per sq. ft., but the committee finally succeeded in securing a reduction to 6¢ per square foot, as per written option herewith submitted.

Charles G. Schade, II., has purchased from the Third National Bank and A. L. Richmond certain lots, of which a list has been furnished the committee by Mr. Finley, showing the numbers of the lots and the area in square feet, viz:

M. & R. WALSH PLAN.		Sq. ft.
Section 1, Lots 195 and 196		5,000.00
Section 2, Lots 201 and 202		5,000.00
Section 3, Lots 207 and 208		5,000.00
Section 4, Lot 231		2,500.00
Section 5, Lot 232		2,735.50
Section 6, Lots 243 and 244		7,112.50
Section 7, Lots 249 and 250		5,500.00
Section 8, Lots 255 and 256		13,334.00
Section 9, Lot 261		3,100.00
Section 10, Lots 17, 18, 19 and 20		15,940.00
Section 11, Lots 21, 22, 23 and 24		16,211.50
Section 12, Lots 266 and 267		5,325.00
Section 13, Lots 273 and 274		5,715.00

Section 14, Lots 282 and 283...	5,000.00
Section 15, Lots 288 and 289...	5,000.00
Section 16, Lots 294 and 295...	5,000.00
Section 17, Lots 300 and 301...	6,989.00
Section 18, Lots 306 and 307...	7,163.00
Section 19, Lots 312 and 313...	10,657.98

The price of the above property was originally fixed by the owner at 7c per square foot, but the committee finally succeeded in securing a reduction to \$8,500.00, as per written option herewith submitted.

There is also included in this site eight (8) lots belonging to Jacob Schumacher, fronting 292 feet on Grace Street, being numbers 1 to 8, inclusive, in this same plan. Mr. Schumacher agrees to accept \$2,000.00 for these lots, as per written option attached.

There is also included in this site two lots numbered 225 and 226 in same plan, fronting 50 feet on Dilworth Street, now the property of John Paisley, Jr. Mr. Paisley agrees to accept \$900.00 for these lots, as per written option attached.

Also two lots, numbered 217 and 218 in same plan, fronting 50 feet on the northerly side of Dilworth Street, extending back 100 feet to Dill Alley, now owned by Mr. Frank Sutton. Mr. Sutton agrees to accept \$1,200.00 for these lots, as per written option attached.

Also lots numbered 238 and 239 in this plan, belonging to C. G. Crooks, fronting 79.50 feet on the southerly side of Dilworth Street, and running back to an alley 12 feet wide, on which they front 42.10 feet. On these lots is erected a two-story brick house with outbuildings. Mr. Crooks has put a valuation of \$7,000.00 on this property, and is unwilling to accept anything less.

Mrs. Carrie Hays Dilworth is the owner of seven lots of ground on Norton Avenue, at the corner of Hilf Street, being numbers 253 and 259, both inclusive, in a plan of lots laid out by A. P. Norton and William Dilworth on December 5, 1872, recorded in Plan Book Volume 5, page 30. Mrs. Dilworth has agreed to accept \$2,800.00 for these lots, as per written option hereto attached.

A. E. Eldridge is the owner of seven lots adjoining the last described lots of Mrs. Carrie Hays Dilworth, running from Norton through to Wade Street, and being lots numbered 260 to 266, both inclusive, in the Norton and Dilworth plan. Mr. Eldridge is willing to accept \$3,850.00 for these lots, as per written option attached.

A. E. Eldridge and James Bissett, Jr., are the owners of lot number 267 in the Norton and Dilworth plan. This is a corner lot at Wade and Ennis Streets and adjoins the above described lots of A. E. Eldridge. These gentlemen have agreed to accept \$600.00 for this lot, as per written option attached.

The Estate of William Dilworth, now represented by the Commonwealth Trust Company, owns the following lots in the Norton & Dilworth plan included in the park site laid out by the committee: On the north side of Grace Street, lots 320

and 321; on the south side of Ottawa Street, ten lots, numbered 297 to 306, both inclusive; on the north side of Ottawa Street, fifteen lots, numbered 268 to 282, both inclusive; also on the north side of Ottawa Street, lot 403. This estate, through its agent, has agreed to accept \$5,850.00 for these lots, which offer in writing is attached hereto.

The same estate is the owner of a tract of land lying between Grace and Ad-dlerly Streets, containing about 1.57 acres. This estate, through its agent, has agreed to accept \$1,000.00 per acre for this property, the exact area to be ascertained by a writing made by the City Engineer. This offer in writing is also attached hereto.

The P. C. & W. Railroad Company is the owner of a tract of land situate to the South of the M. & R. Walsh land and adjoining the land last described belonging to the state of William Dilworth. This tract is bounded on two sides by Grace Street and contains about 1½ acres of land, and was purchased from G. M. Spargrove. The Railroad Company has agreed to sell this property at \$1,000 per acre, the exact area to be ascertained by survey made by the City Engineer, as per written option herewith submitted.

Approximately the property above described would cost as follows:

M. & R. Walsh, 376,492.71 sq. ft., at 6c.....	\$22,589.56
Charles G. Schade, 11, 132,442.34 sq. ft.	8,500.00
Jacob Schumacher, 8 lots.....	2,000.00
Frank Sutton, 2 lots.....	1,000.00
John Paisley, Jr., 2 lots.....	900.00
William Dilworth Estate, land as described	7,350.00
Carrie H. Dilworth, 7 lots.....	2,800.00
Eldridge & Bissett, 1 lot.....	600.00
A. E. Eldridge, 7 lots.....	3,850.00
P. C. & W. Railroad Co., 1½ acres	1,500.00

Making a total of.....\$51,283.56

Which being deducted from the amount of the appropriation, \$60,200.00, leaves a balance of \$8,910.44.

The committee is of the opinion that the price asked by C. G. Crooks for his two lots and two-story brick dwelling house of \$7,000.00 is excessive. The assessment on the property is as follows:

"Lot No. 238,	\$ 400.00
Lot No. 239,	700.00
2-story brick house,	1,200.00,"

making a total of \$2,300.00, and \$3,500.00 is considered a high price by the committee for the same. The committee would therefore recommend that action be taken by the City Attorneys to condemn the property in case it is decided to acquire it.

The report indicates the fact that all the property described herein can be acquired at a total well within the sum available for the purchase of land for a public park in the Thirty-second Ward, and the committee would urge prompt action on the part of the City, inasmuch

as the owners of the properties optioned are not willing to leave their offers open indefinitely.

The committee (whose prerogatives are embraced in the above report) make free to submit that in its judgment and as a result of investigation, there is not available in the Thirty-second Ward another site of any considerable size for a public park that can be purchased at a price within the amount available for that purpose, and in view of the fact that building operations have been extremely active in the vicinity of the Wilbert Grove site by reason of the recent street car extensions, it would seem that in a short time this property will also be out of the market.

Respectfully submitted,

ALBERT YORK SMITH,
SAMUEL W. BLACK,
W. C. REITZ,

Albert York Smith, Esq., Chairman of Committee:

Dear Sir—Upon the advice of my attorneys, Long & Long, I write you to notify you that I accept your offer of \$1,200.00 for my two lots, Dilworth Street, 32nd Ward, Pittsburgh, Pa.

Very respectfully,

FRANK SUTTON.

Pittsburgh, April 18th.

Albert York Smith, Esq.:

Dear Sir—I received your letter of April 16th, and would say I intended to build a home on those lots, for I considered this location the finest place on the Mount. Now to be plain and no fancy price I'll take \$900 for the two lots facing on Dilworth Street running to Dill Alley, fine and level lots, Nos. 225-226. If I was selling to a private party I'd want \$700 for each lot. Don't you consider they are worth it. Please address

JOHN PAISLEY, JR.,

219 Roggs Ave., 32nd Ward, Pittsburgh.

Pittsburgh, April 20th, 1907.

Mr. Albert York Smith:

Dear Sir—In answer to your letter of the 16th last will say I own lots No. 233 and 239 in a plan laid out by Moses P. Walsh, said lots starting at a point 25 feet west of Ennis Street, facing on Dilworth Street, 79.3 feet front, 100 feet deep by 42.1 feet back. Lots are improved with a 7-room brick house 13-inch walls, bath room, finished attic, cellar under whole house and cemented laundry. You ask me for my lowest possible price, which is \$7,000.00, and which I consider a fair price for all concerned.

Yours truly,

CLIFFORD G. CROOK.

Dilworth Street, Mt. Washington.

Oct. 10th, 1907.

Mr. Albert York Smith.

Dear Sir—I received your letter of the 9th and I refuse both offers.

Yours respectfully,

CLIFFORD G. CROOK.

Albert York Smith:

Dear Sir—My property on Grace Street, 32nd Ward, cost me \$2,000 seven years ago. In order to help through the park I will accept that amount for my eight lots.

JACOB SCHUMACHER,
8005 Frankstown Ave.

Sept. 19, 1907.

Pittsburgh, Pa., Sept. 24, 1907.

Mr. Albert York Smith:

Dear Sir—In reply to your letter to me of the 17th of September, I wish to say the reason I did not answer before was because I were at Richmond, Va. Regarding the seven lots, as stated to you before, I do not want to sell them. They are not to be classed with some of the property adjoining which you quote of. Mr. Bissett has consented with me to take the \$600: Six hundred on the one lot. I can make a good thing out of those lots for building, as they face on two streets. I do not see why you want that street, but if you do, and wish to make a deal quickly, I will accept 60¢ each, six hundred, clear of all debt, as at the present time I have a real estate proposition that would clear sixty per cent., so I could readily use the money. Please let me have your reply at your earliest. Respectfully submitted,

ALBERT E. ELDRIDGE.

Pittsburgh, Pa., Oct. 24, 1907.

Mr. Albert York Smith:

Dear Sir—In reply to your letter and my conversation to you to-day I herewith confirm my offer to meet you half way in price, namely (\$550) per lot. This offer open for thirty days.

Respectfully submitted,

Yours sincerely,

ALBERT E. ELDRIDGE.

Pittsburgh, Pa., Nov. 11th, 1907.

Albert York Smith, Esq., Chairman Board of Viewers 32nd Ward Park Site:

Dear Sir—Confirming our conversation to-day, I accept offer as per your letter of October 22nd, provided amount (\$8,500) be paid before December 1st.

Very respectfully,

CHAS. G. SCHADE, 2nd.

Pittsburgh, Sept. 20, 1907.

Albert York Smith, Esq., Attorney-at-Law, Pittsburgh, Pa.:

Dear Sir—I just received word to-day from our Chief Engineer advising that we could not sell the two parts as designated in your letter on the south of Grace Street marked .63 of an acre and the piece on the north side of Grace Street marked .93 of an acre, as it would seriously embarrass this Company in its future plan of taking away this hillside and straightening out a very serious curve at this point, which, if you go on the ground, you could see for your self. The other 1½ acres I will recommend to the management that we comply with your request in selling this at the rate of \$1,000 per acre.

The city has constructed a sewer affecting this land. Of course we will expect you people to pay that portion of the assessment on the property purchased from our Company.

Yours truly,

C. C. NEEDHAM.

Real Estate and Claim Agent.

Pittsburgh, Pa., Sept. 21, 1907.

Albert York Smith, Esq., Bakewell Building, City:

Dear Sir—We beg to acknowledge receipt of your letter of the 17th instant, and in reply would say that M. P. Walsh and the Estate of R. E. Walsh accept the offer made by the Committee of 6c per square foot for all of their property embraced within the lines of the proposed park in the 32nd ward on the following conditions: \$1,000 hand money, balance of purchase money to be paid within 30 days from date.

Yours respectfully,

REAL ESTATE TRUST COMPANY,

By JOHN L. WALSH.

June 3rd, 1907.

Mr. Albert York Smith, Bakewell Building, City:

Dear Sir—In compliance with your request of this morning in regard to the William Dilworth Estate lots in the proposed park in the 32nd Ward we quote as follows:

Grace Street, tract of about 1 acre	\$2,500
Adlerly Street, near Owen, about 1 acre	2,000
Grace Street, lot No. 320	300
Grace Street, lot No. 321	200
Ottawa Street, lot No. 304	300
Ottawa Street, lots Nos. 305 and 306, \$200 each	400
Ottawa Street, lots Nos. 297-303, inclusive	200 each
Ottawa Street, lot No. 268	250
Ottawa Street, lots Nos. 269-282, inclusive	2,800
Ottawa Street, lot No. 403	200
Making a total of \$10,350.	

It is possible that the last named lot, No. 403, may not be entirely within the limit of the proposed park, but by running the line as shown on the plan book this morning it would take the greater part of lot No. 403. We therefore feel that you would rather take the entire lot than to pay pro rata for part of it.

If there is any other information that you would like in regard to this kindly let us know and we would be glad to furnish same.

Yours respectfully,

COMMONWEALTH REAL ESTATE CO.,

Sales Department,

W. F. BINGLER.

Pittsburgh, Sept. 25, 1907.

Mr. Albert York Smith, 612 Bakewell Building, Pittsburgh, Pa.:

Dear Sir—Replying to yours of the 17th inst. in regard to lots in the 32nd Ward, belonging to the William Dilworth Estate and C. H. Dilworth, which are to be included in the proposed park, 32nd Ward, would say that we have seen Mr. Brooks, of the Colonial Trust Co., who represents the William Dilworth Estate, and he has agreed to accept your proposition of the 17th inst., including the change for the two plots of ground, of one acre each, assessed at \$2,500 and \$2,000, respectively, and for which you offer \$1,000 per acre, the size of which to be determined by survey, as you seem to feel that there is only about an acre and a half instead of two acres.

Your proposition of \$2,800 for the 7 lots belonging to C. H. Dilworth is also accepted.

Hoping that the deal may go through promptly, we remain,

Yours very truly,

COMMONWEALTH REAL ESTATE CO.,

Sales Department,

By W. F. BINGLER.

DEPARTMENT OF PUBLIC WORKS }
PITTSBURGH, PA., Jan. 24, 1908. }

Hon. George W. Guthrie, Mayor:

Dear Sir—In accordance with Resolution C. C. No. 1063, it being "Resolved, That the Mayor and the Director of the Department of Public Works be and they are hereby authorized and directed to request the Committee of three appointed to take options on the Wilbert Grove Site, 32nd Ward, for park purposes, to report their findings and the prices of said properties at the next regular meeting of Common Council, as per C. C. Resolution No. 415, which was read and adopted in Common Council on October 8th, 1906." I herewith beg to hand you the report recently made by the Committee, consisting of Albert York Smith, Esq., Samuel W. Black, Esq., and W. C. Reitz, Esq., together with a plan showing the property that it is proposed to secure.

It would seem from the report submitted that the property could be acquired, by direct purchase, for slightly over \$51,000.00, and that additional land would have to be added, which can be secured for somewhere between \$2,000.00 and \$4,000.00, indicating that the whole property to be secured can be purchased for about \$55,000.00, leaving a balance in the fund of \$5,000.00.

Inasmuch as this property seems to be the only property available for general park purposes in the ward, I would recommend that it be favorably reported to Councils.

In this connection I desire to report that I have been called upon by a number of residents in the 32nd Ward who are very anxious to secure a piece of ground lying in the extreme western end of the ward for a playground, it being very suitable for playing baseball and other athletic sports, but there was some

objection to it as being located in the outer limits of the ward, and also the price was far beyond the reach of the small amount which will be available after the Wilbert Grove property shall have been purchased.

It might prove to be a proper course to pursue for the future to take the small balance—should any remain—and add further to it in order to secure a proper playground, as the Wilbert Grove site does not lend itself to any such arrangement, being mostly hillside property.

Yours truly,

A. B. SHEPHERD,

Acting Director Department of Public Works.

Which was read, and upon motion of Mr. Soffel was received and filed and ordered to be printed in full in the record.

No. 248.

PITTSBURGH, February 24, 1908.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:

I enclose herewith bills for expert witness fees in the opening and widening of Oliver avenue, amounting in the aggregate to \$2,625.00, as follows: \$300.00, \$100.00, \$75.00, \$75.00, \$75.00, \$75.00, \$150.00, \$150.00, \$150.00, \$150.00, \$150.00, \$65.00, \$70.00, \$90.00, \$50.00, \$75.00, \$300.00, \$25.00, \$300.00; total, \$2,625.00.

I did not feel at liberty to pay these bills without submitting them to your honorable bodies, and asking you to pass resolutions authorizing the Mayor to issue warrants therefor.

The City Attorney assures me that for this class of testimony the amounts are reasonable, and that the money saved the City by reason of testimony of this character is much in excess of the fees charged.

Respectfully submitted.

(Signed) E. S. MORROW,
Controller.

Mr. Bailey presented

No. 258.

PITTSBURGH, February 24, 1898

To the President and Members of Council:

GENTLEMEN:

Your special committee, to which was referred the ordinance authorizing the vacating of South Seventh street, return the ordinance with an affirmative recommendation.

Your committee visited the said street for its observations, believes the street is less to any one except the owners of the mill. The street actually ends at the point they ask for vacation, and has no connection with the river front, and it would be impossible to reach the river from the street.

Therefore, under the circumstances, your committee would recommend the passage of the ordinance.

Respectfully,

GEO. R. BAILEY,
M. J. HOOPER,
PATRICK SULLIVAN,
MICHAEL L. SWIFT,
Committee.

Which was read, received and filed.

Mr. McGrath presented

No. 259. Resolved, That the Mayor be and he is hereby authorized and required to sign a petition, on behalf of the City of Pittsburgh, for the grading, paving and curbing Michigan street, between Estella avenue and Montooth street.

Which was read and adopted.

"For Vacancies—Where the premises is vacant and the entire supply of water shall, at the owner's written notice, be turned off by the Bureau of Water at the curb cock or curb cocks, and such curb cock or curb cocks are turned on only by the Bureau of Water at the owner's written notice, exoneration of three-fourths of the flat assessment for the period during which the water is shut off will be issued."

And insert in lieu thereof the following:

"For Vacancies—Where the premises is vacant and the entire supply of water shall, at the owner's written notice, be turned off by the Bureau of Water, and such water shall be turned on only by the Bureau of Water at the owner's written notice, exoneration of three-fourths of the flat assessment for the period during which the water is shut off will be issued."

Also

Amended on page 22, line 225, by striking out the following:

"Any owner of any premises may have the option, except where metered rates are specified, of being supplied at the following rates instead of the rates hereinbefore provided; provided, however, that such option shall be expressed in writing and a contract approved by the Bureau of Water covering the use of water shall be entered into, said contract to be signed prior to, and to take effect on, the first day of April, this contract to remain in effect until the first day of April following the written withdrawal of contract and the sign-

ing of an approved contract for the supply of water at flat rates; and provided further that in no case where meters are used shall the charges for each quarter be less than the amount specified in the following schedule:"

And insert in lieu thereof the following:

"Any owner of any premises may have the option of being supplied at metered rates, instead of the foregoing flat rates, except where metered rates are specified; provided that such option shall be expressed in writing in the form of an application to the Bureau of Water; said application shall become effective upon its approval by the Bureau of Water, and the installation of the meter or meters; provided further that in no case where meters are used shall the charge for each quarter year be less than the amount specified in the following schedule."

Also

The Chair presented

No. 307.

MAYOR'S OFFICE
PITTSBURGH, PA., March 9, 1908. }

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 121, entitled, "An ordinance providing for the payment of firemen when absent from duty by reason of injuries received in the service," and Ordinance C. C. No. 122, entitled, "An ordinance amending Section 7 of an ordinance entitled 'An ordinance creating a Firemen's Disability Board, defining the duties of the officers thereof, designating the medical examiner of the Department of Public Safety as the medical examiner of said board, establishing a fund for the care, maintenance and relief of the aged, retired, disabled or injured employees of the Bureau of Fire and Electricity, and providing the mode and manner for the payment of beneficiaries and for the care and management of said fund,' approved the 5th day of January, A. D. 1903."

Ordinance C. C. No. 121 is defective because no fund has been provided for the payment of these claims, nor is an appropriation made or specified from which the money shall be paid.

It is also defective because the period for which the payment shall continue is not specified; the blank left in the draft of the ordinance for this purpose not having been filled out.

As Ordinance C. C. No. 122 was evidently intended to operate in connection with Ordinance C. C. No. 121, and would work an injustice to the firemen without it, it is also returned without approval.

Permit me further to say that by the ordinance approved January 5, 1903, it was provided that every fireman injured while in service should receive from the Disability Fund for a period

of not exceeding 52 weeks the sum of \$15.00 per week while incapacitated for duty by reason of such injuries.

The Disability Fund has been created and maintained by, amongst other means, the payment to it of \$30.00 per year taken from the pay of each fireman.

I very much doubt the power of Councils to deprive any fireman, without his express consent, of any benefit to which he is now entitled, and for which he has paid.

If this be correct, the legal effect of these two ordinances, if they become law, would be that firemen now in the employ of the city would, in case of injury, be entitled to receive full pay from the city and in addition \$15.00 per week from the fund while incapacitated while others would receive their pay alone.

This, it is manifest, would be inequitable.

Moreover, I do not see any reason why the city should now pay injured firemen, and thereby relieve the fund from the liability for which it was created.

The fund was established by the city in order, amongst other things, to provide for the payment of firemen incapacitated for duty by injuries received while in the service of the city. It has been built up by payments by the city and state, as well as by the men themselves; it is ample to meet all charges against it and leaves a surplus each year to be added to the accumulation; and I cannot see any reason why it should be relieved from this charge at the city's expense.

As the fund is now sufficient for to meet the charges against it, the only reason apparent for the proposed change is to enable the fund to accumulate more rapidly.

If it could be shown that the provisions now made for the fund are not sufficient to sustain it and enable it to meet the legal charges against it, one, I think, would object to any action for its relief; certainly I would not.

It is true that the ordinances provide for a slight increase of the amount to be paid during incapacity from injury. If that is the sole object in view, that should be accomplished by providing a larger payment from the fund itself, as already pointed out, the fund was provided for this purpose and should be used for it.

But in view of the fact that the fund after paying all charges against it is steadily increasing each year, I do not see any reason why the city should be called upon to pay out of the money annually raised by taxation a large portion of the claims for the payment of which the fund was created and is maintained simply to enable it to increase more rapidly. I am,

Very respectfully,

GEO. W. GUTHRIE.

Mayor.

Which was read, received and filed.

And on the question, shall the bills as follows:

C. C. Bill No. 121. An Ordinance entitled "An Ordinance providing for the payment of firemen when absent from duty by reason of injuries received in the service."

Also

C. C. Bill No. 122. An Ordinance entitled "An Ordinance amending section 7 of an ordinance entitled 'An Ordinance creating the Firemen's Disability Board, defining the duties of the officers thereof, designating the Medical Examiner of the Department of Public Safety as the Medical Examiner of said Board, establishing a fund for the care, maintenance and relief of the aged, retired, disabled or injured employees of the Bureau of Fire and Electricity, and providing the mode and manner for the payment of beneficiaries and for the care and management of said fund,'" approved the 5th day of January, A. D. 1903."

In Select Council February 24, 1908. Passed. Become a law notwithstanding the objections of the Mayor.

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Adair	Haering, J L	Ross
Bader	Hildorfer	Schatzman
Bailey	Hooper	Schnittzer
Baker	Klein	Schreiber

Ayes—55.

Noes—24.

And there not being three-fifths of the votes of Common Council in the affirmative, the bills failed to become a law, notwithstanding the objections of the Mayor.

Mr. Ferguson stated, after his vote, that as the Mayor says the bills are clearly illegal he would therefore vote "no."

Mr. Adair presented

No. 311.

MAYOR'S OFFICE
PITTSBURGH, PA., March 16, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen:—

I have the honor to return herewith without my approval, Ordinance S. C. No. 60, entitled "An ordinance authorizing the vacation of South Seventh street from Bingham street to the right of way of the Pittsburgh & Lake Erie Railroad Company."

The sole purpose of this ordinance is to give to the A. M. Byers Company a strip of ground fronting fifty (50) feet on Bingham street in the South Side, and extending back five hundred thirty (530) feet to the P. & L. E. R. R., containing twenty-six thousand five hundred (26,500) square feet, which, even at the assessed value of the adjoining property of the firm, is worth \$21,200.00.

The ordinance will also release the same firm from the payment to the city of an annual sum of \$119.00 for a railroad switch which it now maintains on the street, and also the sum of \$25.00 from the P. & L. E. R. R. Co. for 1/2 feet of track crossing the street.

I very much doubt the wisdom of vacating any streets in the old portions of the city, particularly when leading toward the river, without receiving an equivalent accommodation for public travel in the same neighborhood.

But, even if the city can prudently surrender this street now under consid-

ration, I deny the right to do so when the only effect of the vacation is to give to a private company a valuable property for which the city receives no consideration.

The need of the city for additional and wider streets in the old districts is apparent. It is seeking to secure them in many places, but, in every instance, is met with heavy claims for compensation to private interests. What justice then is there in surrendering to private interests rights of way without equivalent return?

I have held this ordinance to the last moment in the hopes of being able to make some such satisfactory arrangement with the parties to be benefited. I am in receipt of a letter from the representative of the firm protesting against any payment to the city, but offering as a final concession to pay \$5,000.00 to the city. I consider this amount, however, an entirely inadequate return for the benefit to be given. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

Also

S. C. Bill No. 60. An Ordinance entitled "An Ordinance authorizing the vacation of South Seventh street, from Bingham street to the right-of-way of the P. & L. E. R. R. Co."

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The Chair stated

That the bill, in my own estimation, does not belong in this Council, as the bill should be returned to the Council in which it originated. However, I have a copy of an opinion from the City Solicitor, which the Clerk will read.

No. 312.

DEPARTMENT OF LAW,
PITTSBURGH, March 17, 1908.

Hon. Geo. W. Guthrie,
Mayor.

Dear Sir:—

In reference to the meaning of that part of the Act of March 7th, 1901 (P. L. 20), Art. XVI, Sec. 1, as amended by Act of June 20th, 1901 (P. L. 591), in reference to the approval of ordinance and resolutions by the Mayor, my opinion is as follows:

This section is in practically the identical language of that of Section 4 of the Act of May 23rd, 1874 (P. L. 231), known as the Wallace Bill. The Act of 1901 contains a semi-colon after the words "ten days." This should be a comma. As thus corrected the proper construction should be:

(1) The Mayor has ten days after an ordinance is presented to him, duly crossed and certified, to give his approval.

(2) The Mayor has ten days and the further period intervening between the expiration of the ten days and the next meeting of the council to return an ordinance or resolution which he disapproves.

(3) If the ordinance or resolution is not presented to council with his approval within ten days, or at the next meeting of council after ten days disapproved, then the ordinance or resolution becomes a law by that very fact.

(4) The branch of council in which the joint committee reports is the branch where the ordinance can be said to originate.

I understand the facts relative to the ordinance affecting a portion of South Seventh street to be that the ordinance was introduced in Select Council and was then referred to the Committee on Surveys, which is a joint committee of Councils and reports in Common Council. The ordinance was then duly adopted in Common Council and transmitted to Select Council and adopted in Select Council on March 2nd, 1908. The same was then transmitted to the Mayor on March 3rd, 1908. I understand also that there was a special meeting of Select Council on March 13th, and also a meeting of Common Council held on March 16th, 1908.

In my opinion the Common Council was the branch to which the ordinance should have been returned by the Mayor, and that as the meeting held by Common Council on March 16th, 1908, was the first meeting held within the period fixed by the Act of 1901, the ordinance was returned disapproved within the statutory period, and that, therefore, the ordinance never became a law for the reason that the same was not passed over the veto of the Mayor by the majority required by law.

Yours truly,

(Signed) W. B. RODGERS,

City Solicitor.

Which was read, received and filed.

And the question recurring on the motion, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

BUSINESS FROM SELECT COUNCIL.

S. C. No. 257.

MAYOR'S OFFICE,
PITTSBURGH, PA., March 20, 1908. }

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

I have the honor to return herewith, without my approval, ordinance S. C. No. 107, entitled:

"An Ordinance, Granting unto the Monongahela Street Railway Company, its lessees, successors and assigns, the right to enter upon, use and occupy certain streets, avenues and highways in the City of Pittsburgh; to lease its franchises and property, or parts thereof; to acquire the franchises and property of other passenger railway companies, and to connect its tracks with the tracks of other passenger railway companies."

S. C. No. 108 entitled:

"An Ordinance, authorizing the Second Avenue Passenger Railway Company, its lessees, successors and assigns, to construct an additional track on Greenfield avenue; to connect said additional track with its tracks as now laid on Second avenue and Greenfield avenue; to use electricity as a motive power; to lease its franchises and property, or parts thereof; to acquire the property and franchises of other passenger railway companies and to connect its tracks with the tracks of other passenger railway companies."

The Monongahela Street Railway Company has a perpetual private right of way over private property from Hazelwood avenue to the southerly end of the bridge crossing Beechwood Boulevard and Saline avenue.

This right of way was granted to it in perpetuity by the owners of the property affected at the time of the construction of its railway, and the purpose of the ordinance is to induce the company to surrender that right of way to the property owners and to transfer

its tracks to the location of Murray avenue, for the location and opening and fixing of grade ordinances have already been passed by your honorable bodies.

In the proceedings before the Board of Viewers to ascertain the damages for opening and grade, the property owners have presented claims for damages to the amount of \$54,350.00. The Monongahela Street Railway Company already has a perpetual right of way, and is being asked to change to another location on their property, not for its own advantage, but for the accommodation of the property owners; if the City consents to this change in order to relieve the property owners from a location which is injurious to them, it has certainly done all that it should be asked to do. It would manifestly be unfair to expect the City to pay any portion of the cost in providing and grading the new location. That is a matter which should be adjusted between the Railways Company and the property owners.

I do not think it just to the City that it should be exposed to any claim for cost or expenses in securing and improving the new location for the Company. At a conference with the property owners concerned, I informed them that if they or the Company, would release and indemnify the City from any liability for cost, damages or expense in the opening, grading and paving of Murray avenue, I would approve these ordinances, otherwise not.

The Councilmen from the Twenty-third ward, the one most immediately affected, were present with the principal property owners; and they all expressed their entire satisfaction with the arrangement and agreed to carry it out, but have not, as yet, executed the necessary agreements for the protection of the City.

As the time allowed for me to act is about to expire, I have felt it my duty for the protection of the City to return the ordinances without my approval.

Manifestly, it is unjust that the City should be called upon to pay a large sum of money to open and grade this street, in order to enable the property owners directly affected to secure a release of the perpetual right of way which they voluntarily gave to the Street Railways Company.

If the property owners, or the Railways Company, want a change of location, it should be done at their own expense—to expose the City to a claim so large as is presented in this case, when the only benefit is to the property owners and the Railways Company, would be unjust.

I am,

Very respectfully yours,
GEO. W. GUTHRIE,

Mayor.

In Select Council March 20, 1908. Read, received and filed.

Which was read, received and filed.

S. C. No. 258.

MAYOR'S OFFICE
PITTSBURGH, PA., March 20, 1908. }

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

I have the honor to return herewith, without my approval, S. C. Ordinance No. 12, entitled, "An Ordinance fixing the salaries of the three (3) Civil Service Commissioners who constitute the Board of Civil Service Commission in the City of Allegheny."

The effect of this ordinance is to increase the salaries of the three (3) Civil Service Commissioners, who constituted the Board of Civil Service Commission in the City of Allegheny prior to consolidation beyond the amounts fixed by the City of Allegheny at the time of their appointment and at the date of such consolidation.

Section 29 of the Act of May 23rd, 1907, provides, that in the case of the consolidation of any cities having Civil Service Boards "such consolidation or annexation shall not deprive any of said commissioners of his office and compensation for the full term for which he shall have been appointed."

Under this provision, the gentlemen who constituted the Civil Service Commission of the City of Allegheny are exercising their office and receiving their compensation as it was fixed by the City of Allegheny; they have the right, under the law, to retain the office and receive this compensation if they desire to do so; but, I can see no reason which requires or even justifies the City of Pittsburgh paying them a larger salary than the City of Allegheny paid them, and which they were willing to accept at the time of their appointments.

The City of Pittsburgh is proceeding in good faith to carry out the provisions of the statutes under which the consolidation took place; it is paying the same salaries to the former officials and employees of Allegheny which they received from that City prior to consolidation.

Some of these officials are superfluous; but as long as they discharge their duty their right to their offices will be strictly regarded; but neither law nor equity requires the City of Pittsburgh to increase their salaries for the balance of their terms.

The unfairness of any other course is clearly shown in the case of the Civil Service Commission. There is no necessity for more than three (3) Commissioners, and after the first Monday of April, 1909, (the end of the term of the present Commissioners), the Board will be reduced to that number. If the consolidated city continues the Board with the salaries fixed by the respective cities, thereby retaining and paying three (3) unnecessary officials, it will be doing all that it can reasonably be asked to do, and at the same time complying fully with the spirit and letter of the law.

In some instances Allegheny paid its employees more than Pittsburgh did; in most instances the pay is in both cases practically the same; in a few cases the pay fixed by Allegheny is less than that fixed by Pittsburgh. There would be fairness in the proposition to make a complete revision of the pay of all officers and employees. In that case I am advised that the total amount to be paid by the consolidated city would be reduced; but, to increase the pay of those whose pay is below that amount paid in Pittsburgh, without reducing all those who are above them, and particularly, where the office is superfluous, is not fair to the consolidated city and its taxpayers.

I am,
Very respectfully yours,
GEO. W. GUTHRIE,
Mayor.

In Select Council March 20, 1908, Read, received and filed.

Which was read, received and filed.

And

S. C. Bill No. 12. An Ordinance entitled "An Ordinance fixing the salaries of the three Civil Service Commissioners who constituted the Board of Civil Service Commission in the City of Allegheny."

In Select Council March 20, 1908. Passed by a three-fifth vote notwithstanding the objections of the Mayor.

Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

And on the question, "Shall the bill pass second reading?"

Mr. Melaney moved

To amend by striking out all Section 4 and insert a new Section 4, as follows: "Section 4. The permits provided for herein shall be separate and distinct from all permits issued for building purposes and shall be issued by the Bureau of Building Inspection."

Mr. Klein moved

That the bill be referred to a special committee of three.

And upon a division of the vote the Ayes were 43 and the Noes were 3.

So the motion prevailed.

Mr. Sullivan called up

C. C. Bill No. 387. An Ordinance entitled, "An Ordinance authorizing and directing the issue and sale of bonds amounting in the aggregate to sixty-one thousand eight hundred dollars (\$61,800.00) to provide funds for the purpose of enlarging the funds created for the care, maintenance and relief of injured policemen and firemen and providing for the redemption of said bonds and the payment of interest thereon."

In Common Council April 4, 1908. Passed.

In Select Council April 6, 1908. Passed.

In Select Council April 13, 1908, recalled from the Mayor, without action thereon for the purpose of amendment, vote reconsidered by which the bill was read a second and third times and finally passed, amended by striking out section 4 as shown in red ink, and inserting a new section 4 as shown in brackets, and as amended agreed to on second reading, read a third time and finally passed.

Which was read.

Mr. Klein moved

That the action of Select Council be concurred in.

The ayes and noes were taken agreeable to law, and were:

No. 416.

MAYOR'S OFFICE
PITTSBURGH, PA., April 11, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—Acting upon the suggestion contained in a resolution recently passed by the Chamber of Commerce of the City of Pittsburgh, I appointed a Commission consisting of three (3) members of Select Council, four (4) members of Common Council and five (5) citizens of Pittsburgh, having no official connection whatever, as a commission to consider and recommend a site for a new City Hall.

This Commission after hearing and considering all suggestions made to them in regard to the question were unable to agree upon a unanimous report, and three (3) reports have been submitted to me. One (1) signed by eight (8) members of the Commission, to wit, Messrs. Joseph C. Wasson, Hugh Ferguson, Jacob Soffel and J. H. Forrest, members of Common Council, John C. Oliver and Samuel Foster, members of Select Council, and D. G. Stewart; one (1) signed by Messrs. James I. Buchanan, William M. Kennedy and Daniel C. Rigley, and one (1) signed by William H. Stevenson, member of Select Council.

As the determination of this question must rest with your Honorable bodies in the first instance, I transmit these reports for your consideration and such action as may seem proper to you. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

To Hon. George W. Guthrie, Mayor of Pittsburgh, City:

Dear Sir—Your Commission appointed for the purpose of considering and recommending a site for a new City Hall begs leave to report as follows:

The Commission met on March 17th last and organized by the election of Mr. Joseph C. Wasson as Chairman and Mr. Walter R. Black as Secretary. Five meetings were held, at which different citizens, real estate agents in behalf of proffered sites and representatives of civic and commercial bodies were accorded hearings.

Seven specific propositions were presented, three of them suggesting sites located in what is known as the "Hump" district, adjacent to the Court House, one the location of the present City Hall, and three recommending the Diamond Market Square property.

After careful consideration your Commission earnestly recommends the Diamond Market Square property as the proper and best location for a new City Hall. It also recommends that Masters way from Diamond Market Square to Fifth avenue be widened to the full width of forty-five (45) feet. The taking of additional property, or the widening of Market street, is not deemed necessary. The area embraced in the site recommended would accommodate a building 170 feet square, with 50 feet of clear space on each of the four sides, sufficient for proper light and ventilation and ample room for all street traffic. It is moreover considered sufficiently large to meet all future requirements.

Your Commission deems the recommendation made highly advantageous in point of economy. It believes that the only expense would be incident to the widening of Masters way, and this would be relatively small, considering the benefits accruing to the abutting property. The City owns the site and has a legal right to use it for the purpose we recommend, hence a saving of many thousands of dollars to the taxpayer.

We believe it is the most centrally located site to be found, more particularly so since Allegheny has become a part of our Greater City, and in view of the fact that the future growth of the municipality in all probability will be centered down the Ohio river and back of the hills to the south and west. To this point converge the principal thoroughfares of the business section of the city, and from it radiate the street car lines to every section of the county.

By the erection of a new City Hall on the Diamond Market Square of a style and character in keeping with the importance of our City all the surrounding property would be greatly benefited and small, antiquated structures would be a quarter and a half century ago and be rapidly replaced with modern stores and office buildings. This would not only improve the general character of the district, but would result in increased tax returns to the City.

In recommending that the Diamond Market Square be taken as a location for City Hall, we deem it necessary to make some suggestions regarding a site for a new Central Market.

The Diamond Market, as it stands today, is a disgrace to the City. Its crowded, untidy and unsanitary condition is a menace to the lives of patrons and a hindrance to the enhancement of values of adjacent property and a proper development of the locality. It was built a century ago, when the population of Pittsburgh was one-tenth of the present population.

Your Commission believes that a larger site is absolutely necessary to accommodate the market business of to-day. We therefore suggest the site in the same way, at the corner of Seventh and Eleventh streets, as being a suitable one and so located as to conveniently meet all requirements.

This property has an area of about 100,000 square feet, which, in the judgment of your Commission, would afford ample space for a modern market

building, with more than enough ground floor accommodations inside of the building for all the present lease holders.

The contemplated regrading of Duquesne way and the wharf would put the property beyond the reach of all floods, and at a comparatively small expense provision could be made on the wharf adjacent to the market building for the farmer and truck gardener.

A larger market would bring to the City increased revenue, more comfort and convenience to its patrons and greater business to its tenants.

The cost of the new market house site and all the necessary improvements would be more than met from the proceeds of the sale of the present City Hall on Smithfield street.

Therefore it appears to us that if our recommendation is accepted the cost to the people in providing a new City Hall and a new Market House would be simply the cost of the new City Hall building.

Respectfully submitted,

HUGH FERGUSON,
WILLIAM PRICE,
JOHN C. OLIVER,
SAMUEL POSTER,
J. H. FORREST,
JACOB SOFFEL,
D. G. STEWART,
JOSEPH C. WASSON.

April 10th, 1908.

Pittsburgh, April 9th, 1908.

Hon. George W. Guthrie, Mayor City of Pittsburgh:

Sir—Your committee appointed to recommend a site for the erection of a new City Hall beg leave to report that they have held several sessions, and have heard by letter and orally from representatives of several civic bodies and from private citizens. Quoting from one of the parties in favor of the Market Hall site, "the question of economy must very largely govern the ultimate solution of this question. In view of the present state of the city finances and anticipation of adding to present tax rate, it would be most unwise for the city to purchase property at a cost of many millions when the city now owns practically all the land necessary."

If this be accepted as a working theory, then the proposed improvement of the Market Hall site is from the necessity of the case excluded from consideration. In addition to that, urgent protests with regard to the removal of the Pittsburgh Market from its present location would seem to indicate the probability of the city being subjected to large claims for damages without adequate compensation, not to mention the tremendous loss in taxes from the property taken, as well as the additional interest upon the cost of the land.

It seems to be generally conceded, and is the judgment of the committee, that the City Hall should continue to be located at a point most readily accessible to the entire population of the city. It

does not appear that this condition would be satisfied at the present time by a location east of Smithfield street or in what is termed the "Hump District."

The committee is of the opinion that the City of Pittsburgh is not in a financial condition at the present time to incur a considerable expenditure either for additional property or for a building, and therefore it is in favor of utilizing the present property on Smithfield street without purchase of additional land, arranging the present building to sufficient proportions and height to satisfy the demands of the city departments, and thereby postponing a more ambitious architectural design until such time as the city may be able to meet the cost thereof without too heavy a burden upon the people.

If this is not thought advisable, although in line with the practical tendencies of the workaday people who make up this community, and also in line with the policy of business interests in providing themselves with adequate quarters for the transaction of their affairs, then the example of New York may be followed for a few years by allowing the present building to remain and renting adequate quarters in the many new splendid office buildings that have not yet become occupied; this would certainly save the city an immense outlay until a more convenient season.

Respectfully yours,

J. I. BUCHANAN,

W. M. KENNEDY,

DANIEL C. RIPLEY.

Hon. Geo. W. Guthrie:

The Commission which you appointed for the purpose of recommending to the people of Pittsburgh a suitable location for a new City Hall, pursuant to your request, met for organization in the Mayor's office March 17th, 1908, at 2:30 P. M.

After your honor had addressed the Commission outlining its scope and powers, Mr. J. C. Wasson was elected chairman and Mr. Walter Black secretary.

The Commission then adjourned and subsequently held four meetings, as follows:

March 28th—At this meeting letters were received from citizens advocating various locations for the new City Hall. Owners of real estate and those interested submitted plans of the following properties:

1st. Property now occupied by the Diamond Market.

2nd. Property now occupied by the Diamond Market and additional property extending northwest to Liberty avenue.

3rd. Property on Grant street and Sixth avenue, including streets and avenues.

4th. Property bounded by Wylie avenue, Fifth avenue and Ross street.

5th. Property bounded by Fifth avenue, Wylie avenue and Tunnel street.

6th. Property bounded by Fifth avenue, Forbes street and Sixth avenue.

April 1st—Your Commission heard representatives of the various sites, securing necessary information as to assessed valuation and probable cost of the properties submitted.

At this meeting property was offered bounded by Market street, Fourth avenue, Masters way and North Diamond streets.

April 4th—Citizens and representatives from the civic and commercial organizations were given the opportunity of pressing to the Commission their views on the various sites offered.

It is worthy of note that at the public hearing of the Commission citizens and representatives from the civic and commercial bodies advocated the location of the new City Hall on a site contiguous to the Court House, and no one spoke in favor of a site in the congested shopping district. On the contrary, the present without exception urgently protested against the Commission recommending a downtown site.

It was urged upon the Commission that the location of the City Hall in the midst of the congested shopping district would change the mercantile character of the neighborhood, injure established businesses and tend to reduce the taxable value in the immediate vicinity, thus increasing the burden of taxation on the rest of the city.

The Commission has carefully considered all the sites offered in relation to cost and convenience and the facilitation of public business, with a view for providing not only for present necessities but taking into consideration the future growth and expansion of the city.

In addition, we have kept before the possibility of taking advantage of this opportunity to place the new City Hall in a location that will enable the city to carry out the proposed plan of grouping its public buildings.

The Commission respectfully recommends that the property bounded Fifth avenue, Wylie avenue and Tunnel street be selected as the site for a City Hall for the following reasons:

Ample ground may be secured at a reasonable price. This property embraces about 85,000 square feet, a little more than two acres, and can be purchased for approximately \$2,000,000. This cost is practically offset by the estate amount available from the sale of the present site on Smithfield street Public Safety Building on Sixth avenue.

The erection of a new City Hall on this site, which has now very few improvements, would increase estate values and assessments in the vicinity and so tend to relieve the burden of taxation on the rest of the city. Within one block of the Court House would be a great convenience to the people, facilitating the transaction of public business with the city or county officials, as the same is often mutually related.

From the standpoint of economy in the city's present needs as well as the future requirements of this community, no other location presents to your Commission at as reasonable price, of sufficient area and so adapted for the purpose.

We would also respectfully recommend that the suggestion of the Pittsburgh Chapter of American Institute of Architects be given serious consideration. This organization earnestly urges that the city secure expert assistance for the purpose of making a thorough study of conditions and to evolve a comprehensive plan both for present needs and the future growth of the city.

The location of the City Hall on the site herein recommended would be in harmony with the above suggestion and in accordance with the general idea of the grouping of public buildings now being adapted by the progressive cities of the world.

We believe that if the question of economy alone is to be considered the present building with such additions and alterations as may be necessary would fill all present requirements.

We cannot see any advantage to the city in purchasing an expensive site, upon which to erect a building of this character, while the city owns valuable property that could be utilized for present needs.

If it is the desire of the people to erect a City Hall commensurate with the wealth, position and importance of Greater Pittsburgh, which may in time embrace the entire County of Allegheny, we urge upon your honor the selection of the site herein recommended.

Respectfully submitted,

(Signed) WM. H. STEVENSON.

DEPARTMENT OF LAW,
PITTSBURGH, April 13, 1908. }

To the Honorable, the Select Council of the City of Pittsburgh:

There has been referred to me S. C. No. 301, with instructions to draw up, if possible, suitable legislation on the matters contained in said petition.

The petition asks the Councils and city officials whose powers of office in any measure would enable them to assist to do all in their power to relieve the conditions of those out of work in the city.

The city has power to engage in public improvements which may give work to the unemployed and to provide for the rest thereof. But what improvements should be entered upon is purely a question for the Councils. Without some direction from Councils as to what is desired it would be difficult for me to originate any legislation and would probably unnecessarily delay action. If I am instructed as to what the Councils desire I will endeavor to draw such ordinances as required.

Respectfully submitted,

W. B. RODGERS,
City Solicitor.

S. C. No. 301.

To the Honorable Officers and Members of Councils of the City of Pittsburgh:
Gentlemen—The Out-of-Work Demonstration Meeting, held in Old City Hall

on the 8th inst., decided to ask you individually and collectively, as well as all other city officials whose powers of office in any measure would enable to assist in so doing, to do all in your and their power to relieve the deplorable condition of the many thousands out of work in this city.

The meeting referred to above instructed the Delegate Conference Committee that arranged for said meeting to continue its meetings, and to meet and do all in its power to have carried into effect the object just named, and said Conference Committee has authorized the presentation of this resolution asking you to use all your individual and collective power, to expend all such moneys now appropriated in payment of wages directly without the intervention of contractors, and to use the same power to have appropriated, through bonds or otherwise, such an additional sum as may be possible, and that such sum be used just as indicated, and that the sum, or at least the most of it, that has been appropriated for library purposes be transferred to the fund for city work, and that it be used as above indicated.

We ask these things, that the above action be taken, for the reason that in thousands of cases life itself depends on such action, and in a still greater degree misery, humiliation and degradation will obtain if such arrangement is not made.

We insist that the legitimate object of government consists in protecting the weak. The strong can take care of themselves.

Those who depend on their wages for a living are the weakest, hence your duty is obvious.

We ask this again, because you have given over the power of control of thousands of jobs to a few, thus making them strong. They now cannot, or will not, employ many thousands, hence you must do so or the results will become more and more disastrous. Life is more sacred than property. You are asked to protect life; property will then be all the more safe.

Liberty is but a theory to those whose lives are insecure.

You are asked not only to do what we have just asked, but to devise the ways and means by which it can be done, and that, too, without evasion or technical objections.

If you tell us you cannot, because the laws of the state won't let you, we will reply that such laws don't prevent the banking fraternity from doing those things they deem necessary to tide them over their distress, even though it is of their own making, and if we are barred by the letter of the law, we will tell all our brothers and urge them that they take possession of the law making power as soon as possible, and revise, change the old and make new, to the end that life will be considered first in importance.

We represent 25,000 workers, men and women, and that number is being increased at every meeting of the conference, and the conference meets every Saturday night, and they are insistently waiting your answer.

We, the undersigned members of unions and other labor organizations, or workmen organized or not, hereby petition the various officials above referred to, or included in the above request, to have carried into effect the above program and requests.

Which was read and received and referred to the Committee on Finance.

BUSINESS FROM SELECT COUNCIL.

S. C. No. 325. Resolution with respect to Report of Appraisers in the matter of the Monongahela Water Company.

Whereas, the Mayor has informed the Councils that the appraisers in the matter of the condemnation of the Monongahela Water Works have made an appraisal fixing the price at \$1,975,000, and has also called the attention of the Councils to the fact that exceptions are to be filed with the appraisers on or before 22nd April, 1908; therefore,

Resolved, That the Mayor and the City Solicitor be directed to file exceptions to said report as to the amount of the appraisal and such other exceptions as they may deem advisable.

MAYOR'S OFFICE
PITTSBURGH, PA., April 13, 1908. }

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to transmit herewith copy of the proposed report of the Appraisers appointed by the Court of Common Pleas of Allegheny County, at No. 318 March Term, 1908, to appraise the value of the Water Works of the Monongahela Water Company within the limits of the Twenty-fourth to Thirty-sixth wards, both inclusive, of the City of Pittsburgh, fixing the value of said property, including the rights and privileges of the company, at the sum of One Million Nine Hundred Seventy-five Thousand (\$1,975,000.00) Dollars.

Notice of this report was served on the City Attorney on Saturday, April 11th. It will be held by the Appraisers ten (10) days for exceptions by either the City or the Company, after which period it will be filed in Court, as will appear by the notice served upon the City Attorney, copy of which is attached hereto. I am,

Respectfully yours,
GEO. W. GUTHRIE,
Mayor.

In the Court of Common Pleas No. 1 of Allegheny County, Pa.

In re proceedings between the City of Pittsburgh and the Monongahela Water Company.

No. 317 March Term, 1908.

REPORT OF APPRAISERS.

To the Honorable, the Judges of said Court:

The appraisers appointed by the Court

"to appraise the value of the water works of the Monongahela Water Company, being and lying within the limits of the Twenty-fourth to the Thirty-sixth wards, both inclusive, of the City of Pittsburgh, as said limits existed on the 23d day of December, 1885, for the purpose of enabling the City of Pittsburgh to purchase said Water Works at the appraised value thereof, subject to deduction for any credits in the sinking fund of said Company or otherwise for the redemption under the terms and conditions of the contract, Exhibit B, attached to the petition, and the charter of said Monongahela Water Company."

do respectfully report:

That the Appraisers were duly sworn as directed in the order of their appointment.

That after a preliminary meeting with the counsel for the City of Pittsburgh, and for the Monongahela Water Company, and upon due notice to the respective parties, the Appraisers viewed the premises and property of the said Monongahela Water Company, representative of the respective parties being absent.

That thereafter, to wit, on the Fourth day of November, 1907, after due notice to the parties, the Appraisers met with counsel for the parties in the Committee Room of the Public Safety Building in the City of Pittsburgh, said City being represented by Messrs. W. B. Rodgers, Charles K. Robinson and A. B. Smith, and the Monongahela Water Company by being represented by Messrs. T. Watson, John M. Freeman, Ernest C. Irwin. When the Board of Appraisers was formally organized by electing David B. Oliver, Chairman, and with the approval of the parties, by electing Miss Suzanne Beatty as shorthand reporter and secretary.

That the Appraisers thereafter met with the parties by regular adjournments or upon due notice, on twenty-four days, hearing witnesses and receiving the evidence adduced by the respective parties and hearing the arguments of their counsel; and they spent fifteen additional days in considering, determining and preparing their report.

That in the course of said hearing the testimony of many witnesses was given upon both sides, as well as documentary evidence, the testimony covering over seventeen hundred written pages and the documentary evidence numbering about one hundred exhibits.

That arguments were made by learned counsel for the respective parties, both orally and by printed briefs wherein the various questions involved in the case were ably and exhaustively discussed.

A question at variance between the parties was whether the Appraisers

should include in their valuation anything beyond the physical property of the Water Company, with reasonable allowance for its installation and establishment as a going concern.

As to this the Appraisers have followed the instruction of the Court in the order of their appointment, as they understand them, to wit, to

"make a fair appraisalment of the property, rights and franchises of the said company."

and consequently the Appraisers have considered with the physical property the intangible elements, so far as they add value to the plant, rightfully for use as water works in the hands of the Water Company, with the Company's right to charge reasonable tolls.

In their endeavor to put a fair valuation on the property in question as affected by the rights and franchises of the Company, the Appraisers have considered the subject from the various points of view presented by the evidence, and especially those of the worth of the physical property as a going concern, the income, the prospects and the market price of the Company's stock.

And now, April 11th, 1908, after viewing the property and after careful consideration of the evidence and of the arguments of counsel, we, the undersigned Appraisers do appraise the value of the Water Works of the Monongahela Water Company, being and lying within the limits of the Twenty-fourth to the Thirty-sixth wards, both inclusive, of the City of Pittsburgh, as said limits existed on the 23d day of December, 1885, including the property, rights and franchises of said Water Company affecting the same, at the sum of one million nine hundred seventy-five thousand dollars; and we further find that there is no deduction to be made therefrom for any credits in the sinking fund of the said Water Company or otherwise for the redemption under the terms and conditions of the contract Exhibit "B," attached to the petition, and the charter of the Monongahela Water Company.

All of which is respectfully submitted.

"Sec. 6. From and after the passage of this act, no person shall be elected to the office of Select and Common Council in cities of the second class who holds any other office, position or employment under the government of the United States or State of Pennsylvania, the county in which said city is located, or in such city, except notary public or commissioner of deeds, and if any person who shall hereafter be elected a Select or Common Councilman shall, during the term for which he was elected, take, accept or hold any office, position or employment under the government of the United States, the State of Pennsylvania, the county in which said city is located or in such city, except the office of notary public or commissioner of deeds, he shall at once forfeit the office of Councilman and shall not hold such during the time for which he was elected; and it shall be the duty of the City Recorder to order an election, within thirty days, of a Councilman to serve out the term remaining of the Councilman so forfeiting his office, providing there shall be at least six months of said term remaining after said election so ordered by the Recorder."

"Mr. Willis D. Stockdale, member of Common Council from the Second ward of Pittsburgh, has accepted a commission as Constable and was duly sworn in as shown by the following certificates:

"Commonwealth of Pennsylvania, County of Allegheny, ss:

"I, William B. Kirker, prothonotary of the Courts of Common Pleas No. 1 in and for the county and state aforesaid, do hereby certify that at an election held on the 18th day of February, 1908, Willis D. Stockdale, having received 123 votes, was duly elected to the office of Constable from the Second ward of the City of Pittsburgh, county and state aforesaid.

"Witness my hand and the seal of said Court the 26th day of February, 1908.

"WM. B. KIRKER,
(Seal) "Prothonotary."

"Commonwealth of Pennsylvania, County of Allegheny, ss:

"I, William Dodds, Clerk of the Court of Quarter Sessions in and for said county, do hereby certify that the bond of Willis D. Stockdale was approved by the Court and he was sworn in as Constable of the Second ward, Pittsburgh, Pa., on the 4th day of March, 1908.

"Witness my hand and official seal of said Court, at Pittsburgh, this 11th day of May, 1908.

"WILLIAM DODDS,
(Seal) "Clerk of Courts."

"Under these circumstances I declare he has forfeited his seat as Councilman of Second ward, Pittsburgh, by his own act."

Mr. Franklin asked leave and was granted permission to present

No. 496. Whereas, There is pending before Councils an Ordinance authorizing the setting aside of one hundred and forty thousand (\$140,000.00) dollars for the purchase and installation of water meters; and

Whereas, It is alleged that the use of water meters in Cleveland has proven detrimental to health and promotive of disease; and

Whereas, It would be prudent before passing the Ordinance for the expenditure of so large a sum of money to investigate the matter; therefore be it

Resolved, That the Presidents of Councils shall be and are hereby directed to appoint a special committee of three from Select and four from Common Councils who shall be empowered to visit Cleveland and investigate the use of meters and the conditions arising therefrom;

Resolved, That said committee shall be entitled to the service of the City Chemist employed in the Division of Bacteriology for the purpose of making the necessary tests;

Resolved, That the Mayor shall be and is hereby directed to issue, and the City Controller to countersign, warrant or warrants in payment of the necessary expenses on vouchers certified and approved by the chairman of the committee, and charge the same to the Contingent Fund.

Mr. Rothpletz presented

No. 498.

Pittsburgh, May 11th, 1908.

To the President and Members of Common Council:

Gentlemen—

Your special committee, appointed to secure information in relation to, what taxes, licenses or how much money the

Pittsburgh Baseball Club ever paid to the City of Allegheny, respectfully reports as follows:

Your committee met with the City Controller and went over the books with said Controller and find that on June 29, 1881, an Ordinance was passed and approved fixing the license to be paid for baseball exhibitions at \$15 per day, and under this Ordinance the Baseball Company never paid any money; on April 4, 1884, an Ordinance was passed and approved fixing the license at \$5 per day, and your committee could find no record of the said Baseball Club making any payments thereunder. In December, 1906, an Ordinance was passed and approved fixing the license fee for baseball exhibitions at \$150 per year, and on September 27, 1907, your committee found a record of the Pittsburgh Baseball Club paying \$150 for license for the year 1907, which appears to be the only license fee ever paid by this club.

The said Pittsburgh Baseball Club has been paying to the former City of Allegheny the sum of \$40 per annum as water taxes, but the assessment this year will aggregate between three and four hundred dollars, which is a fair and equitable assessment.

Your committee also finds that the said Baseball Club is occupying land, a portion of which really belongs to the former City of Allegheny, known as "Smoky Island," and which is now under litigation, but which the Railroad Company is now occupying.

Respectfully submitted,

E. ROTHPLETZ.

HUGH FERGUSON.

FRED HERING,

Committee.

Which was read, received and filed.

The Chair presented

No. 499.

May 4th, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—

I have the honor to return herewith, without my approval, Resolution C. C. No. 306, approving the action of the Council of Sheraden Borough in letting a contract to V. Di Giorno to grade, curb and pave Berwyn avenue in the Forty-third ward (formerly said Sheraden Borough), and authorizing the city authorities to allow the contractor to proceed with and complete the work.

It appears from the recitals contained in the resolution and from the information that I have been able to obtain that at the time of the annexation of Sheraden Borough to the City of Pittsburgh no contract had been entered into between said Borough and V. Di Giorno for the work proposed.

The City Solicitor is of the opinion that as there was no contract between the parties when consolidation took place the City of Pittsburgh cannot now make one which would be binding upon the Borough or upon the property owners affected by the proposed improvement.

The contract not having been made before the existence of the Borough ended the proceedings under which the contract was to be made necessarily failed. The only manner in which the proposed improvement can now be made is under the laws regulating such proceedings in the City of Pittsburgh. I am,

Very respectfully yours,
GEO. W. GUTHRIE,
Mayor.

Which was read, received and filed.

Also C. C. No. 306. Resolution approving the action of Councils of what is now the Forty-third ward, city, formerly Sheraden Borough, in the awarding of a contract for the improvement of Berwyn avenue, now the Forty-third ward.

In Common Council April 23, 1908. Passed.

In Select Council April 27, 1908. Passed. And on the question, "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Adair	Bloedel	Dosch
Bader	Boss	Riemenschneider

No. 500.

Pittsburgh, April, 1908.

Mr. Wm. Brand,

President of Common Council:

Dear Sir—

On account of leaving Pittsburgh I hereby hand you my resignation as Common Councilman, to take effect at the

next regular meeting of Council. Thanking you for past courtesies, I am,

Yours respectfully,

DR. J. O. BOCKSTOCE.

Member of C. C. from 22nd ward.

Which was read.

Mr. Forrest moved

That the resignation be accepted.

Which motion prevailed.

On motion of Mr. Soffel, the reading of the minutes of the previous meeting was dispensed with.

Mr. Soffel moved

To recall from the Committee on Public Works

C. C. No. 453. Resolution authorizing and directing all city work possible, including repaving, regrading and pipe line extension, to be done by the City employees employed by the City.

Which motion prevailed.

The Chair presented

No. 502.

May 12th, 1908.

To the Clerk of Common Council, City of Pittsburgh.

Dear Sirs:—I have received copy of Bill C. C. No. 453, which is a resolution "authorizing and directing all city work where possible, including repaving, regrading and pipe line extension, to be done by the City by employees employed by the City." The body of the resolution provides that a sufficient number of employees be hired for these purposes and be placed upon the pay-rolls.

Section VI of the Wallace Bill provides that, "All work and materials required by the City shall be performed under contract to be given to the lowest responsible bidder, under such regulations as shall be prescribed by ordinance, and it shall be the duty of Councils forthwith to enact such ordinances."

Under the letter of this act all work and material required by the City must be let by contract. But this provision must have a reasonable construction. It is the practice in cities to have a force of City employees to do work of a limited character such as keeping streets in proper condition by cleaning and ordinary repairs, and it was the practice of the City of Allegheny, and I suppose to some extent of the City of Pittsburgh, to lay water mains by City force and this has been found advantageous to the rapid and efficient performance of certain classes of work. Therefore, within the above limits, I would think that the City might employ labor.

In the matter of the repaving of streets, I think there would be some difficulties. The repaving of streets re-

quires a very large proportion of the cost to be expended for materials and machinery. If the repaving of streets is to be done by the City force, it would require the City to purchase all materials and machinery and that, under the law, can only be done by contract.

Yours truly,
W. B. RODGERS,
City Solicitor.

Which was read, received and filed.

Also

The **Chair** took up

C. C. No. 453. Resolution authorizing and directing all City work possible, including repaving, regrading and pipe line extension, to be done by the City employees employed by the City.

Which was read.

Mr. **Soffel** moved

That the resolution be adopted.

Which motion prevailed.

Mr. **Soffel** reported from the Committee on Public Works

C. C. Bill No. 479. An Ordinance entitled, "An Ordinance authorizing and directing the purchase of lands in the Twenty-first ward of Pittsburgh from George L. Peabody for the use of the Department of Public Works and providing for the payment of purchase money for the same."

Which was read.

Mr. **Soffel** moved

That the bill be referred to a special committee of five in conjunction with the Mayor and Director of the Department of Public Works.

Also

Mr. **Soffel** made an explanation giving his reason for so doing.

Mr. **Savage** arose

And stated part of an explanation he desired for his side of the case.

The **Chair** ruled that the member from the Twenty-first ward will have to confine himself to the motion or be seated.

Mr. **Riley** moved

That Mr. **Savage** be given the privilege of the floor of Councils to explain his side of the case in relation to the purchase of the George L. Peabody property.

Which was granted.

And on the question recurring on the motion to refer to special committee.

Which motion prevailed.

And the **Chair** appointed Messrs. **Soffel**, **McElroy**, **Melaney**, **Fred Herring** and **Hooper**.

Also

And a majority of the votes of Common Council being in the affirmative, the bill passed finally.

And the Clerk was directed to message the same to Select Council for concurrence.

The Chair presented

No. 545.

May 20th, 1908.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:—

I return herewith, without my approval, the following ordinances:

C. C. No. 161. Resolution exonerating Mathias T. Glannon from the sum of \$222.28 on account of his assessment for grading, paving and curbing of Brushton avenue, and authorizing the City Solicitor to satisfy the lien therefor at No. 17 November Term, 1907, upon the payment of the sum of \$158.77.

C. C. No. 162. Resolution exonerating John Marshall from the sum of \$243.46 on account of his assessment for grading, paving and curbing of Brushton avenue, and authorizing the City Solicitor to satisfy the lien therefor at No. 19 November Term, 1907, upon the payment of the sum of \$95.46.

The City Solicitor by three letters under date of May 19th, 1908, copies of which are herewith attached, advises me that all of these ordinances are illegal, for the reason that Councils have not the power to grant the releases and exonerations proposed.

The reasons assigned by the City Solicitor are so clear that it is unnecessary for me to add anything to what he says.

The City not having the power to do what is proposed, the ordinances would not be valid, even with my approval, and, therefore, are returned forthwith. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Department of Law.

May 19th, 1908.

Hon. George W. Guthrie, Mayor.

Dear Sir—I return you S. C. No. 300, directing the refunding to the Welsh Congregational Church of the sum of \$362.86 for the improvement of South Twentieth street; also C. C. No. 161, exonerating Mathias T. Glannon from benefits on the improvement of Brushton avenue in the sum of \$381.05; also C. C. No. 162, exonerating John Marshall from the improvement of Brushton avenue in the sum of \$243.46; also S. C. No. 106, di-

recting the City Solicitor not to file a lien against Thomas Sterck for \$65.98, assessment of benefits in the improvement of Hazelwood avenue; also S. C. No. 184, directing the City Solicitor to divide the assessment against W. H. Gahagen for "Private property and Elrod alley et al." sewer.

As respect S. C. No. 300, no reason is given why this money should be refunded.

As respects C. C. No. 161 and No. 162 and S. C. No. 106, certain reasons are stated why the relief should be afforded.

As respects S. C. No. 184, no reason is given why this assessment should be divided.

In all these cases the assessments have been made in conformity with the laws of the State. If there was anything wrong with the assessments the party assessed had his day in Court and his remedy. The assessments are now judgments of a Court.

I think the law is that the City has no right to do anything in the premises in the way of paying back money already paid or granting exemptions as respects assessments not yet paid, and it would seem to follow that the Councils have no right to interfere with assessments in the way of dividing, or otherwise.

I hand you herewith a printed opinion by Mr. Beatty, Assistant Solicitor, which seems to me to be quite satisfactory as to the want of power in Councils to do what is proposed to be done in these several resolutions.

Very truly yours,

W. B. RODGERS,
City Solicitor.

Department of Law.

May 19th, 1908.

Hon. George W. Guthrie, Mayor.

Dear Sir—I return you herewith S. C. No. 215. The assessment in this case was regularly made by viewers. If the property could not drain into the sewer, and that made any difference on the assessment, the church, or the owners of the property, had their remedy.

The assessment being regularly made according to law, I do not think the Councils have any power to reduce it.

Very truly yours,

W. B. RODGERS,
City Solicitor.

Department of Law.

May 19th, 1908.

Hon. George W. Guthrie, Mayor.

Dear Sir—I return you S. C. No. 242. This lien was filed for the opening, widening, grading and paving of Perrysville avenue, under the curative legislation of 1899. The assessment was regularly made by viewers, and I do not think there is any authority in the Councils to direct that this lien be satisfied. The church was regularly assessed according to law, and it had its remedy as against the erroneous assessment. However,

there was nothing erroneous in this assessment because church property was subject to assessment under the law.

Yours very truly,

W. B. RODGERS,
City Solicitor.

Which was read, received and filed.

The Chair took up

C. C. No. 161. Resolution exonerating Mathias T. Glannon from the payment of \$222.28, assessment for the grading, paving and curbing of Brush-ton avenue, and upon the payment by him of the sum of \$158.77, directing the City Solicitor to satisfy of record the lien at No. 17 November Term, 1907, and charging the costs to the City.

In Common Council April 27th, 1908. Passed.

In Select Council May 14th, 1908. Passed.

The **Chair** presented

No. 546.

May 25th, 1908.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:—

I have the honor to return herewith Ordinance C. C. No. 371, authorizing a warrant in favor of Mrs. Harriet Schumacher for \$300.00 for damage done to her property by the grade of Kincaid street.

The claim of Mrs. Schumacher is for damage sustained by the grade of Kincaid street, and I am informed that her claim was passed upon by the Board of Viewers, who found that she was not entitled to damages, and the report of the Board has been confirmed by the Court.

Her claim having been considered and rejected by Court, the City Solicitor, as appears by his opinion, copy of which is attached hereto, advises me that the City has no right to now pay her the amount claimed.

I therefore return the ordinance without my approval. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Hon. George W. Guthrie, Mayor.

Dear Sir—I return you Resolution C. C. No. 371, authorizing a warrant in favor of Mrs. Harriet Schumacher for

\$300.00, for damage done to her property by the grading of Kincaid street.

I assume that the damage was done in the improvement of the street. If it was this person had her remedy and her day in Court. For reasons heretofore expressed, with respect to other like resolutions, I feel convinced that the City Councils have no right to discriminate between persons who are affected by public improvements.

Yours truly,

W. B. RODGERS,

City Solicitor.

The **Chair** presented

No. 547.

Office of Deputy Mayor, Pittsburgh. Pa.

May 19th, 1908.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:—

I return, without my approval, Resolution passed by Councils May 11th, 1908.

(C. C. No. 286), being a resolution authorizing a warrant to be issued in favor of W. E. Clark in the sum of four hundred (\$400.00) dollars, for services as architect at No. 16 Engine House. Fourteenth ward of the former City of Allegheny.

On April 9th, 1906, an Ordinance enacted by the Councils of the former City of Allegheny, for the purpose of paying said W. E. Clark the sum of one hundred and fifty (\$150.00) dollars, for alleged services as architect on said engine house, was presented to me for my approval, and I returned the same to Councils disapproved. My objection to the same is that I have never been able to find any legal authorization whatsoever for the employment of the said W. E. Clark; but on the contrary I found that the Councils of the former City of Allegheny by a resolution duly enacted May 29, 1905, authorized the employment of a competent architect to prepare plans and specifications, etc., for said engine house, and that subsequently, in pursuance of said resolution, a contract was made by the said former City of Allegheny with Charles J. Rieger for the performance of the same services for which said W. E. Clark now claims compensation. I have been informed that the said Charles J. Rieger acted as such architect and fully complied with the contract aforesaid.

I further disapprove of this ordinance for the reason that the amount of compensation for such alleged services has been increased from one hundred and fifty (\$150.00) dollars to four hundred (\$400.00) dollars.

C. F. KIRSCHLER,

Deputy Mayor of the City of Pittsburgh.

Which was read, received and filed.

Also

C. C. No. 286. Resolution authorizing the issuing of a warrant in favor of W. E. Clark for \$400.00 for services as architect at No. 16 Engine House, North Side.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:—

I have the honor to inform you that the Board of Viewers appointed to assess damages in the matter of the opening and damage by grade for Forward avenue have completed their work and have assessed against the City the sum of \$9,750.00, which amount will have to be paid by the City if the street is opened. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

Mr. Wasson presented

No. 549. Report of Finance Committee for May 25th, 1908.

Which was read, received and filed.

Also

C. C. Bill No. 504. An Ordinance entitled "An Ordinance amending Section 1 of an Ordinance entitled 'An Ordinance, a further supplement to an Ordinance passed February 7th, 1870, entitled 'An Ordinance to provide for the custody and safe keeping of the funds of the City,' approved January 12th, 1897.'"

Which was read.

Mr. Wasson moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

Mr. Klein presented

No. 550.

Pittsburgh, May 25th, 1908.

To the President and Members of Common Council.

Gentlemen:—

Your special committee appointed to consider S. C. Bill No. 250, entitled "An Ordinance authorizing F. K. Montgomery

Company to enter upon, occupy and use the southern abutment of Union Bridge, on the Allegheny river wharf," respectfully reports that your committee met and herewith returns the bill with a negative recommendation, for the reason that the Monongahela and Allegheny river wharves are used for coal purposes, one company—the Consolidated Coal Company—having all the landings along the Pittsburgh wharf and about two-thirds of the landings on the Allegheny wharf and all the landings on the South Side wharf below the Smithfield Street bridge, and this piece is needed for landings for the various independent coal companies in Pittsburgh.

Respectfully,

JOHN F. KLEIN,

THOS. M'GRATH,

Committee.

Which was read, received and filed.

Mr. R. L. Henderson reported from Special Committee

C. C. No. 598.

Pittsburgh, June 6th, 1908.

To the Members of Common Council of the City of Pittsburgh:

Gentlemen—Your Special Committee, consisting of Messrs. Henderson, Hill-dorfer, Hirsch, Kambach and McElroy, appointed to C. C. Bill No. 485, "An Ordinance providing for the purchase of a piece of ground situate in the Tenth ward of the former City of Allegheny, now a portion of the City of Pittsburgh, from Isabelle McCullough," met on May 21st, 1908, and viewed the aforesaid ground, and again met at the Office of the City Clerk on Friday, June 5th, 1908, and begs leave to report this bill with an affirmative recommendation, for the following reasons—realizing, however, the unfortunate position of the City in this matter:

1. In the opening proceedings of Ellwood avenue the Board of Viewers has agreed to award Mrs. McCullough the sum of \$2,500 damages to her property, and if the property was purchased for \$6,000 this would leave the actual cost \$3,500.

2. By the grading of Montrose avenue there would be a further damage of approximately \$500.

3. On the ground is located a two-story frame house and outbuildings, which are included in this purchase, and if the building was moved over on the unoccupied property it could possibly be sold for about \$2,500.

4. This would leave a strip of land about 200 feet in depth by about 27 feet in width that the City could use.

5. If the property is not purchased a retaining wall will have to be built along Ellwood avenue, at an approximate cost of \$10,000; whereas, if purchased, the retaining wall can be built for about \$4,000, thus saving the City about \$6,000 in the cost of the retaining wall.

6. If the property is purchased the following waiver from Mrs. McCullough will then be in force:

WAIVER.

I, Isabelle McCullough, of the North Side, City of Pittsburgh, in consideration, and conditioned upon the City of Pittsburgh, purchasing from me a lot of ground upon which they have a written option, said lot being situate at the corner of Ellwood and Montrose avenues, Tenth ward, North Side, Pittsburgh, do hereby waive, assign, transfer and set over to the said City of Pittsburgh all damages or right of suit, appeal or exceptions pertaining to any and all improvements or damage by grade of Ellwood and Montrose avenues.

In Witness whereof, I have hereunto set my hand and seal this twenty-eighth day of May, A. D. 1908.

ISABELLA McCULLOUGH. (Seal)

Witness:

D. E. McCULLOUGH.

MEREDITH R. MARSHALL.

Isabelle McCullough being personally known to me to be the person executing the foregoing paper, on this twenty-eighth day of May, 1908, appeared before me and acknowledged the foregoing to be her act and deed, and desired the same to be recorded as such.

Witness my hand and Notarial seal the day and year aforesaid.

BUSINESS FROM SELECT COUNCIL.

S. C. No. 403.

MAYOR'S OFFICE,
Pittsburgh, Pa.

May 27, 1908.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:—I have the honor to return herewith, resolution Select Council No. 62, authorizing the exoneration of taxes to the Hunt Armory Association, also Select Council No. 216, directing an exoneration to the Athalia Daly Home.

As appears by the opinion of the City Solicitor, rendered May 26th, 1908, copy of which is hereto attached, these ordinances are both illegal, and I therefore return them without my approval.

I am,

Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

DEPARTMENT OF LAW.

Pittsburgh, May 26, 1908.

Hon. George W. Guthrie, Mayor.

Dear Sir:—I return you Resolution No. 62, directing the exoneration of the Hunt Armory Association from water rents; also Common Council No. 255, directing a similar exoneration on the Home of the Good Shepherd; also Select Council No. 216, directing a similar exoneration on the Athalia Daly Home.

The exoneration proposed in Select Council No. 62 is not justified under the law.

With respect to the other resolutions, the ordinance levying water rents makes a provision that hospitals and charities supported by public and private contributions shall be allowed 150 gallons of water per day per average yearly number of inmates without charge, and for water used in excess of that amount the charge shall be by meter rates. And further, that the charges for each quarter year shall in no case be less than \$1.00 for each such institution.

Assuming the ordinance to be good, there is no information in these resolutions as to what excess, if any, is used above 150 gallons per day per average yearly number of inmates and, therefore, for that reason alone, I do not consider the resolutions to be proper.

There is a further question, and that is whether the ordinance in this respect is good. Article IX, Section 7 of the Constitution prohibits the appropriation of "money for any corporation, association, institution or individual." The City, in furnishing water to private parties acts as a private corporation. I do not see upon what principle the City may discriminate between the users of water and charge some and exempt others. If this was a case of taxation the exemption would be good, but the charge is for a service rendered by the city in at least a quasi individual capacity.

Yours very truly,

(Signed) W. B. RODGERS,
City Solicitor.

In Select Council June 8, 1908. Read, received and filed.

Which was read, received and filed.

S. C. No. 62. Resolved, That the Collector of Delinquent Taxes shall be and he is hereby authorized and directed to exonerate the Hunt Armory Association (Battery B, tenants), Everett street and Larimer avenue, Twenty-first ward, from the payment of water taxes for the year 1906, amounting to \$225.00, and delinquent tax collector's commission, and that the Bureau of Water Assessment be directed to exonerate the said Hunt Armory Association (Battery B, tenants) from the payment of water taxes for the year 1907, amounting to \$95.00, and to place the said property on the exempt list in the future, to be assessed the sum of one dollar (\$1.00) per annum.

In Common Council April 27, 1908.
Passed.

In Select Council May 14, 1908. Passed.

In Select Council June 8, 1908. Passed
by three-fifths vote, notwithstanding the
objections of the Mayor.

Which was read.

And on the question "Shall the resolution become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

Mr. Orr presented

No. 658.

To Honorable William Brand, President of Common Council, City of Pittsburgh:

Whereas, the Honorable Geo. W. Guthrie, Mayor of the City, pledged to the people that one of the first acts of his administration would be to investi-

gate the construction of the city's filtration plant and other public works; that the report of a commission to be appointed by him should be immediately made public, and

Whereas, the said commission has completed its work and filed a report, and that the Mayor has failed, according to newspaper accounts, and refuses to give said reports to the public, and

Whereas, gross charges of extravagance, incompetency in the preparation of plans, the secreting of the same, inefficiency and incapability of engineers in charge, as well as the grave doubt of the efficiency of said work, together with the untiresome effort on the part of the contractors to keep from the people the unbiased truth and the inside workings of this so-called and proposed experimental ideas of the engineers, by reputable citizens, for which the tax payers of this Greater City have been burdened and authorized by an appropriation of \$250,000.00 in support of it, and

Whereas, the engineers now in charge have in their employ, at the expense of the taxpayers, a corps of assistant engineers experimenting upon the theory, in hope that some day may develop for the benefit of pure water, as well as assist the engineers to provide a means to aid in the construction of other filtration plants, which they now have in charge, practically at the expense of this city, and

Whereas, the general public now demand and insist that this whole manipulation be brought to their intelligence, together with a full investigation by an unbiased committee who should have the power to thoroughly investigate the whole operation, as well as to review the hidden contract, plans and specifications, purporting to be a guide practically to legalize the expenditure of moneys to assist in experimental ideas, therefore be it

Resolved, that a commission be appointed to investigate all matters pertaining to the contracts, plans, specifications, construction, maintenance, etc. in connection with said plant, and to make public the result of their finding immediately on the completion of their labors, and it is further

Resolved, that the said commission shall be composed of eleven members, four of whom shall be appointed by the Council of this City, four of whom shall be appointed by John M. Orr, Esq., with the assistance of his constituents, and the other three members shall be appointed by concurrence of the joint committees as aforesaid.

Respectfully submitted,

JOHN M. ORR.

M. of C.

Which was read.

And the Chair ruled

"That the gentleman, in his resolution, has assumed some power of which he has no jurisdiction. The rules plainly state how all special committees shall be appointed and for that reason I therefore rule the resolution out of order."

The Chair presented
No. 659.

MAYOR'S OFFICE.

May 27, 1908.

To the Select and Common Councils of
the City of Pittsburgh.

Gentlemen:

I have the honor to return herewith, without my approval, C. C. No. 271, directing the issuing of a warrant in favor of Wm. P. Harris for \$5.00 refunding amount paid for plumbing license by the son since deceased.

It would appear from the report of the Director of the Department of Public Safety hereto attached, that this Resolution was passed on a mistaken assumption of fact. On October 20, 1904, one William Harris paid \$5.00 and received a license as a plumber, and on October 23rd, 1896, one Daniel D. Harris paid \$5.00 and received a license.

Both the parties named are living and doing business and there is no record to show that any other person by the name of Harris paid any money for a license.

I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Pittsburgh, May 21st, 1908.

Dear Sir:

I return herewith, without my approval, C. C. No. 271 authorizing the issuing of a warrant in favor of Wm. P. Harris for \$5.00 refund, the amount paid for plumber's license by his son, since deceased. The reasons for not approving this resolution are:

1st. Our records show a license granted to one William Harris on October 20th, 1904, for which a fee of \$5.00 was paid October 6th, 1904. The said William Harris is now on Whitmore street, Thirty-second ward, and is employed as a journeyman plumber for which he holds a proper license. The record also shows a proper license issued to one Daniel D. Harris, Oct. 23rd, 1896, and who is or did reside at 75 Maple avenue, South Side, City. Both gentlemen are living and doing business.

2nd. Our records fail to show the receipt of \$5.00 for any other Harris.

3rd. If the said Harris was granted a master plumber's license and it was issued for any length of time, even if it be for but two weeks, I do not see any reason why the \$5.00 should be refunded. If it was only issued for one week the City should not return the money because the man did not live twenty years to enjoy the benefits of the license.

I have the honor to be your obedient servant,

(Signed) E. G. LANG,

Director.

To Hon. George W. Guthrie, Mayor,
City of Pittsburgh.

Which was read, received and filed.

Also

C. C. No. 271, Resolution authorizing the issuing of a warrant in favor of William P. Harris for five dollars refunding amount paid for Plumbing license by his son, since deceased. Charge to Contingent Fund.

Which was read.

And the resolution not being taken up and acted upon, within five days as prescribed by the Acts of Assembly, the veto of the Mayor is sustained.

Also

No. 660.

MAYOR'S OFFICE,

May 27, 1908.

To the Select and Common Councils of
the City of Pittsburgh:

Gentlemen:—I have the honor to return herewith, Resolution C. C. No. 255, authorizing the exoneration of taxes to the Home of the Good Shepherd, Thirteenth ward, North Side.

As appears by the opinion of the City Solicitor, rendered May 26th, 1908, copy of which is hereto attached, this ordinance is illegal, and I therefore return it without my approval. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

DEPARTMENT OF LAW.

Pittsburgh, May 26, 1908.

Hon. George W. Guthrie, Mayor.

Dear Sir:—I return you Resolution No. 62, directing the exoneration of the Hunt Armory Association from water rents; also C. C. No. 255, directing a similar exoneration on the Home of the Good Shepherd; also S. C. No. 216, directing a similar exoneration the Athalia Daly Home.

The exoneration proposed in S. C. No. 62 is not justified under the law.

With respect to the other resolutions, the ordinance levying water rents makes a provision that hospitals and charities supported by public and private contributions shall be allowed 150 gallons of water per day per average yearly number of inmates without charge, and for water used in excess of that amount the charge shall be by meter rates. And further, that the charges for each quarter year shall in no case be less than \$1.00 for each such institution.

Assuming the ordinance to be good, there is no information in these resolutions as to what excess, if any, is used above 150 gallons per day per average yearly number of inmates and, therefore, for that reason alone, I do not consider the resolutions to be proper.

There is a further question, and that is whether the ordinance in this respect is good. Article IX, Section 7, of the Constitution prohibits the appropriation of "money for any corporation, association, institution or individual." The City, in furnishing water to private parties acts as a private corporation. I do not see upon what principle the City may discriminate between the users of

water and charge some and exempt others. If this was a case of taxation the exemption would be good, but the charge is for a service rendered by the city in at least a quasi individual capacity.

Yours very truly,

(Signed) W. B. RODGERS,

City Solicitor.

Which was read, received and filed.

Also

C. C. No. 255. Resolved. That the Superintendent of the Bureau of Water Assessment shall be and he is hereby authorized to exonerate from the payment of water rent in excess of \$1.00 per annum, the property of the Home of

Good Shepherd. Thirteenth ward, North Side, in accordance with the provisions of the ordinance levying taxes and assessing water rents for the year 1907, which provides that property used for charitable purposes shall be assessed the sum of \$1 per annum for water rent.

Which was read.

And the resolution not being taken up and acted upon, within five days as prescribed by the Acts of Assembly, the veto of the Mayor is sustained.

Mr. Sullivan moved

That Council do now adjourn, and upon a division of the vote the Ayes were 36 and the Noes were 33.

And Council Adjourned.

On motion of Mr. Wasson the reading of the minutes of the previous meeting was dispensed with.

Mr. Wasson reported from the Committee on Finance

No. 673. Report of Finance Committee for June 26, 1908.

Which was read, received and filed.

Also

No. 674. Report of Finance Committee for July 8, 1908.

Which was read, received and filed.

Also

No. 675.

June 29, 1908.

To the Committee on Finance:

Gentlemen—I have received an Ordinance, entitled "An Ordinance authorizing and directing the City Controller to set aside from the Contingent Fund the sum of ten thousand dollars for the use of the Sesqui-Centennial Committee," and the questions submitted to me are:

First—Has the city a right to make an appropriation for this purpose under the law?

Second—Is the right lodged in the Special Committee to disburse the money appropriated in this way, or can it be delegated to them by Ordinance?

I have no doubt with respect to the first question.

In the late case of Stegmaier vs. Goeringer, 218 Pa., 499, the Supreme Court said:

"The custom of commemorating important historical, military and civil events is as old as mankind, and at common law the right of municipalities to make appropriations out of public funds for the proper observance of such occasions was recognized for centuries. There is no reason why a municipality, unless restricted by statute, should not be permitted to make reasonable appropriations in order to fitly commemorate public events in which all the citizens thereof are, and should be, interested. The

general welfare clause of the Act of May 23rd, 1889, P. L. 277, relating to cities of the third class, instead of limiting the inherent powers of municipalities in this respect, is broad enough to confer the express power to make an appropriation for the commemoration of events of great public interest in such a manner as to promote the general welfare of the city and advance its trade, commerce and manufactures."

The general welfare clause above referred to is precisely the same as the general welfare clause in the Act for the incorporation of cities of the second class.

With respect to the second question, the Ordinance, in its second section, evidently proposes that the making of the contracts and the disbursement of the money shall be by or under the direction of the Special Committee of Councils. I think the Ordinance in this particular is illegal, and, therefore, I would answer the second question in the negative.

In the case above referred to, the Supreme Court, whilst deciding that appropriations may be made for the purpose designated in this Ordinance, added:

"In the exercise of this power the rule should be observed that moneys appropriated for these purposes should be expended under the supervision and direction of the proper officer or department of the city government, and that bills should be presented, vouchers filed and the accounts audited in the same manner as is provided by law for the expenditure of other public funds."

In another place in the opinion the Court also says:

"If it be conceded that the City Councils have power to make an appropriation for the general purpose stated, the moneys so appropriated must be expended and accounted for according to law."

The Act of 1901, Article XV, Section 1, provides:

"No contracts shall be entered into or executed directly by the Councils or any committee thereof."

And the Act provides in the same Article, Section 1, that all contracts relating to city affairs shall be let to the lowest responsible bidder, after reasonable notice, and that such contracts shall be let by the Mayor and the head of the proper department, and afterwards the contracts reduced to writing and filed with the Controller and countersigned by him.

Therefore I think that this money can only be expended as other city moneys are expended, viz., through the proper executive officers, and the contracts to be let as in case of other contracts.

Respectfully submitted,

W. B. RODGERS,

City Solicitor.

Which was read, received and filed.

Also

S. C. Bill No. 409. An Ordinance entitled "An Ordinance authorizing and directing the City Controller to set aside from the Centennial Fund the sum of ten thousand dollars for the use of the Sesqui-Centennial Committee."

Which was read.

The Chair presented

No. 676.

July 2, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 621, entitled "An Ordinance authorizing and directing the Mayor to enter into four contracts, one with the Farmers Deposit National Bank, one with the Second National Bank, one with the Columbia National Bank, one with the German National Bank, one with the German National Bank of Allegheny, and one with the Workingmen's Savings and Trust Company."

This Ordinance directs the Mayor to enter into six (6) separate contracts with the banks named, binding the city to deposit its money with them for a period of four (4) years from the first day of February next, they to pay two (2) per cent. interest on all daily balances during said period.

I withhold my approval from this ordinance for various reasons:

First — Before the Ordinance was passed the Bank of Pittsburgh, N. A., the Peoples National Bank, the First National Bank, the Mellon National Bank and the Federal National Bank each and all offered to pay to the city for its deposits interest at the rate of two and one-half (2½) per cent. per annum on the average daily balances, and I have information that other institutions of equal character are willing to pay the same amount.

The five (5) banks which offer two and one-half (2½) per cent. have a united capital and surplus of \$19,900,000.00, distributed as follows:

Bank of Pittsburgh, N. A.	\$ 5,300,000 00
First National Bank	3,200,000 00
Peoples National Bank	2,800,000 00
Mellon National Bank	6,300,000 00
Federal National Bank	2,300,000 00
	\$19,900,000 00

On the other hand, the six (6) banks selected at 2 per cent. have a united capital and surplus of only \$16,625,000.00, distributed as follows:

Second National Bank	\$ 4,000,000 00
Farmers Deposit National Bank	7,800,000 00
German National Bank (Pittsburgh)	1,200,000 00
Columbia National Bank	1,800,000 00
German National Bank (Allegheny)	1,050,000 00
Workingmen's Savings Bank & Trust Co.	775,000 00
	\$16,625,000 00

While, in the selection of city depositories, the first consideration should be safety, it is clearly the duty of the city officials, charged with the responsibility for the city's money, to see that the city shall also receive the full return for its deposits which they are worth.

The institutions which have offered two and one-half (2½) per cent. interest on the average daily deposits are certainly as sound, safe and conservative as those named in the ordinance, and no reason has been suggested which would justify a refusal to accept their offer of two and one-half (2½) per cent. interest in order to make the deposits in the selected banks at two (2) per cent.

The offer of two and one-half (2½) per cent. interest on average daily balances is not an excessive one. The ordinary rate paid by the banks of this city is three (3) per cent. The former City of Allegheny received from two of the banks named in the Ordinance, namely, the German National Bank of Allegheny and the Workingmen's Savings and Trust Company interest on its deposits at the rate of 4.01 per cent. from one and 4.02 per cent. from the other, and the County of Allegheny now receives interest on its deposits at the rate of 3.95 per cent.

In view of all this I cannot approve the Ordinance requiring the city to deposit its money in certain banks and accept therefor interest at the rate of two (2) per cent. on average daily balances when it is offered two and one-half (2½) per cent. by equally safe banks.

Second—You will observe that the Ordinance directs the Mayor to enter into a contract to take effect on the first day of February, 1909, over seven (7) months after the passage of the Ordinance and only two (2) months before

the expiration of the term of this Council and of my office; and that the contract, if made, will continue over the term of the Mayor to be elected within about three weeks after it takes effect, and also of the term of all the Common Councilmen and the term of over one-half of the Select Council to be elected at the same time. Its effect, therefore, would be to deprive the new Mayor and the new Council, who come into office on the first Monday of April following, of any power to protect the city's interest in a matter of such great importance as the safety of the city's money. They will be deprived of all discretion for the full period of their terms of office.

It is, in my opinion, against public policy that a Mayor and Councils, just before completing the term of their service, should enter into contracts, the effect of which is to deprive the newly elected representatives of the people of all power and discretion in a matter of such vital importance to the city. Certainly it should not be done unless a clear and unavoidable necessity requires it.

It is very questionable whether a contract thus made would be of any validity. The power of Councils to designate the depositories in which the city's money should be deposited vested in them by the provisions of Article VII of the Act approved March 7, 1901, is a legislative power which those bodies should at all times be free to exercise when required for the protection of the interests of the city.

Such a legislative discretion cannot be surrendered by one Council, nor can a subsequent Council be controlled in the exercise of it without a clear grant of the power so to do.

But if the power exists to bind the city by such a contract it cannot be done in the manner proposed.

The making of contracts is an executive, not a legislative, function; and can be exercised only in the manner pointed out by Section 1 of Article XV of the Act approved March 7, 1901, which directs that "all contracts relating to city affairs shall be let to the lowest responsible bidder after reasonable notice."

This provision is mandatory and covers "all contracts relating to city affairs."

Consequently, if such a contract can be made at all, it must be made in accordance with this requirement.

The designation of the city depositories is, as already pointed out, a legislative function to be exercised from time to time as public interest may require; it should not be, even if it can be, surrendered by making a contract seven months in advance of the time for it to become operative, which deprives the city officials for four (4) years of all discretion in a matter of such vital importance as the safety of the city's money.

But, if such a contract is to be made at all, it should be made under the sanction and safeguards which the law casts around the letting of all public contracts.

Third—I would also urge upon you the great importance of providing a larger number of depositories.

The amount of money carried by the city in its depositories has been continually increasing until now it involves a very large sum of money, and the indications are that with the continued growth in population and activity this amount will be continually increasing.

By the failure of the Allegheny National Bank over \$1,000,000.00 of the city's money is tied up. Such a large sum of the available money of the city being tied up for an indefinite period will necessarily embarrass any administration, even though the money is ultimately recovered. Prudent regard for the best interest of the city, therefore, requires that the number of the depositories be increased, so that the city will not again be exposed to such a hazard.

Fourth—I also most earnestly protest against an arrangement which would require the City Treasurer to deposit one-third of the city's money in two (2) small banks in the territory formerly embraced in the City of Allegheny, one having a capital and surplus of only \$1,050,000.00, and the other of only \$775,000.00, and less than the probable amounts to be deposited.

I am of opinion that territorial distribution of the city deposits should not have any influence in the selection of depositories; but, if this is to be given any consideration whatever, it would not justify the deposit of one-third (1-3) of the city's money in Allegheny banks.

Only about one-sixth (1-6) of the money of the city comes from the Allegheny district. Why then should the City Treasurer be compelled to assume the risk and burden of daily sending over to these banks one-third (1-3) of the city's money? And why should the employees and customers of the city residing in the old city be subjected to the inconvenience of collecting their money from the Allegheny banks?

I see no objection to the deposit in safe banks in the Allegheny district of a reasonable portion of the city's money in order to enable persons living there or having their place of business in that district to receive their money conveniently; but it is manifestly unfair, and from a business standpoint improper, to send one-third (1-3) of the city's money over there for deposit.

Certainly if this is done more than one-half ($\frac{1}{2}$) of the money so deposited will have to ultimately be brought back to the old city district for distribution.

The injustice of this arrangement is emphasized by the fact already referred to, that these two banks last year voluntarily paid the former City of Allegheny .0401 per cent. and .0402 per cent. interest on its deposits.

In view of all this, I cannot give my approval to this plan.

A business man would not act in this way in dealing with his own money; a trustee who did so with trust funds would be removed from his trust and compelled to make up the difference from his own pocket. Certainly public officers

intrusted with public funds should not do with them what a competent business man would not do with his own or what a trustee would not be permitted to do with trust funds. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

To the Select and Common Council of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ord-

nance C. C. No. 337, entitled "An Ordinance authorizing the vacation of a strip of ground on the northerly side of Rose street, from a point 133 feet east of Crawford street to a point 100 feet west of Miller street."

It appears from the records of the Department of Public Works that there never has been opened any public street on the strip of ground described in this Ordinance.

By an Ordinance approved October 31st 1889 (O. B. 7, page 188) Rose street was located over this strip, but by a subsequent Ordinance passed March 22, 1894 (O. B. 9, page 433) the street was relocated, leaving this strip free, and the street was subsequently opened on the new location by an Ordinance approved March 27, 1894 (O. B. 9, page 485).

I am informed that there is some controversy between the property owners as to whether or not there is a private right of way over this strip. Whether or not such a private right of way exists it is impossible for me to say; but if it does exist the city has no power to vacate it by Ordinance.

It has been suggested that the Ordinance should be approved, because it might lead parties interested into a false security concerning the alleged private road. Of course, this appeal is not entitled to consideration. I am,

Very respectfully yours,
GEO. W. GUTHRIE,
Mayor.

No. 678.

July 1, 1908.

To the Select and Common Councils of the City of Hillsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 569, entitled "An Ordinance authorizing the purchase and taking over from Charles O. Lappe of the water line constructed by him on Denniston avenue between Hastings street and Fair Oaks street, and providing for the issuing of a warrant in payment thereof."

The Ordinance contains the following recital:

"Whereas, By Ordinance of October 4, 1907, Charles O. Lappe under agreement with the Director of the Department of Public Works and under the supervision of that department laid and constructed a water line on Denniston avenue between Hastings street and Fair Oaks street at a cost of four hundred and sixty-five and 41-100 (\$465.41) dollars, which sum under the provisions of the said Ordinance was to be repaid to the said C. O. Lappe out of the appropriation made for the year beginning February 1, 1908, therefore."

This is a mistake.

The agreement made between the city and Charles O. Lappe was made under an Ordinance approved October 4th, 1907, which did not bind the city to take over and pay for the pipe line laid by him, but simply reserved to the city the right "at any time in the future it may see fit so to do" to take over the pipe for public use on payment of the cost.

There has been no appropriation made for the payment of the cost of this pipe line which was laid by Mr. Lappe for the benefit of his own property, and there is no fund provided for the payment of the cost of the purchase.

There being no appropriation specified in the Ordinance for the payment of this money, and no appropriation out of which it can be paid, the Ordinance cannot take effect. I am,

Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

Which was read, received and filed.

Also

C. C. Bill No. 539. An Ordinance entitled "An Ordinance authorizing the purchase and taking over from Charles O. Lappe of the water line constructed by him on Denniston avenue, between Hastings street and Fair Oaks street, and providing for the issuing of a warrant in payment thereof."

In Common Council June 22, 1908. Passed.

In Select Council June 22, 1908. Passed. Which was read.

And on the question, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:
